

ROOSEVELT OUT FOR JOHNSON
DECLARES NOT TO ELECT HIM WOULD BE BLOW TO GOOD CITIZENSHIP

AN FRANCISCO, Oct. 7.—The following letter from Colonel Roosevelt was made public tonight by Meyer Lissner of the Republican State Central Committee:

"My Dear Mr. Lissner:
"I thank you for your telegram. I feel that New York has now put herself abreast of California; and I feel that the candidates for governors of the two states stand on the same high level of integrity and efficiency. Moreover, I feel that we have a right to appeal to every good citizen to support us in both New York and California, for failure to elect Stimson in this state and to elect Johnson in your state would be a blow to good citizenship. I earnestly hope that you will win. I only wish I could be in California to take the stump for your ticket, for both as regards platform and candidates you are entitled to the heartiest support, and it will be a setback to good government all over the country if your candidates are not elected.

"Faithfully yours,
"THEODORE ROOSEVELT."

ROOSEVELT IS GIVEN
FINE RECEPTION
ON TRIP INTO
THE SOUTH

Sore Throat Can't With-
stand Cries of Crowds
for More Speeches.

GOES AFTER "BOSSSES"

New Nationalism and Needs
for "Big Stick" Are
Colonel's Theme.

KNOXVILLE, Tenn., Oct. 7.—The South gave Theodore Roosevelt a welcome today which he described as "great, by George." Throughout the day of his southern trip, which took him across Virginia and a part of Tennessee, he received all the honors which the South could pay.
Colonel Roosevelt started the day determined to make but few speeches, because his throat is not yet in good condition. But wherever he went a crowd was waiting for him. Each crowd was out to cheer and did cheer until he made a speech. The Colonel made his first speech before he had finished breakfast, and kept at it until late at night before his train left Knoxville for Atlanta. He said he enjoyed the whole day immensely.
The Colonel talked "New Nationalism" today. He brought into the South the doctrine which he announced on his recent Western trip, and emphasized it. He defended it from the criticisms that have been directed against it, and said that it was not revolutionary, but rather was designed to put a stop to a revolutionary movement. He also put in a few words about his fight in New York State, saying he was trying to improve conditions there.
The two chief speeches of the day were delivered at the National Exposition, where the Colonel spoke the Colonel defended "New Nationalism" and went after the political bosses, saying that bossism was the "negation of democracy."
Knoxville's celebration was held on the grounds of the Exposition. Roosevelt spoke in the afternoon and again at a banquet tonight. The Eleventh United States Cavalry from Chattanooga to the exposition grounds, had its band full in playing him through the crowds to the steps of the exposition hall to review the parade.
BOY STOPS SPEECH.
The Colonel had barely made a fair start in his speech at the ball park when he was interrupted by the sound of weeping. Someone exposed a small boy sobbing violently. The boy was led up the steps and delivered over to the Colonel, who stopped his speech. The boy explained to him, between sobs, that he was lost. The Colonel led the weeping child to the platform, where everyone could see him. "What's your name?" he asked the boy.
"Charles Nelson," said the boy.
"Where from?"
"Union county."
Colonel Roosevelt shouted the boy's name and asked if his father was in the crowd. No one claimed the boy at first and the Colonel shouted his name again. Then he saw a hand waving above the heads of the people some distance away.
"Come along," Mr. Roosevelt shouted.
The crowd was so dense that the elder Nelson could not reach the platform for several minutes, but Colonel Roosevelt would not go on with his speech until the boy was restored to his father.
"We have plenty of things to learn and plenty of things which we can improve on," he said in opening his speech.
"I have come in contact with several of them and I am engaged in trying to improve my native city and the crowd in New York. It is quite a job, but we are going to do it."
"It is not enough to say that we

FRESNO ODD FELLOWS WIN
FIRST PRIZE IN STATE DRILL

SANTA ANA, Cal., Oct. 7.—At the state encampment of Odd Fellows tonight the following winners were announced in the competitive drill held Wednesday:
Class A—Sacramento, first; Petaluma, second.
Class B—San Diego, first; Riverside, second.
Class C—Fresno, first; Covina, second.
The encampment adjourned today and will disband tomorrow.

U. S. CANNOT HEAR
CASE OF ASSASSIN

Prince Hsun's Assailant to
Be Given to Police;
Prince Wires Taft.

SAN FRANCISCO, Oct. 7.—No charge has yet been placed against George Fong, the Americanized Chinese, who was arrested yesterday at the Oakland mole on suspicion that he was about to assassinate Prince Tsai Hsun. The offices of the United States attorney have declared that no federal statute covers the attempted crime.
Assistant District Attorney McKimley, who is handling the case, said that if the federal authorities cannot charge Fong, he will be turned over to the police officials of Alameda county. Steps will be taken to prevent his threatened release on habeas corpus proceedings.
Fong tells with the utmost candor of his plans to assassinate Prince Tsai and expressed regret that he failed, but he denies that any one else was concerned in the plot.
It was decided late today to turn Fong over to the authorities of Oakland, where he will be charged with assault with intent to commit murder.
RECEIVED, Mass., Oct. 7.—President Taft received today the following telegram from Prince Hsun, uncle of the Chinese Emperor, who has been visiting this country:
"San Francisco, Oct. 6.—President Taft, Beverly, Mass.:
"On the completion of the visit of the imperial navy mission and on the eve of my departure from this hospitable land, I wish to express to you, Mr. President, the sincere and hearty appreciation of the unusual and uniform kindness and courtesy extended to me and my party while in this country. My stay is short, but my memory is forever.
"In leaving your shores I wish to assure you that I am carrying back with me the most pleasant recollection to the Far Eastern country, and I believe that the reputation accorded me will be considered by the government and the people of China as the continued expression of good will of the government and people of the United States of America.
"Allow me, Mr. President, to wish you the best health and success and your people the most prosperity and peace."

TURLOCK ARREST IS
WANTED IN OKLAHOMA

SACRAMENTO, Oct. 7.—Governor C. N. Haskell today made application upon Governor Elliott for the return of Fred Proctor to Oklahoma, and designated Charles I. Humphrey, sheriff of Pawnee county, as the person to receive custody of the prisoner. Proctor is wanted for escaping from the territorial prison at Lansing, Kansas, on August 26th of this year. At the time of the escape he was serving a life sentence for the murder of Mrs. S. W. Barr of Pawnee county, having been convicted and sentenced on May 26th of this year. He is under arrest at Turlock.

BARK ON LONG TRIP.

SAN DIEGO, Oct. 7.—Bound for Hamburg, Germany, via Portland, Ore., the German bark Omega Captain Dietrich, cleared yesterday afternoon for the north. The vessel arrived here August 31 with a heavy cargo, and while bound will have lumber for the German market. The Omega is a big four-masted bark and made the trip from Hamburg, its home port, to San Diego via Cape Horn in last time.

BRAGA NOTIFIES POWERS OF
NEW PORTUGUESE GOVERNMENT

U. S. Attitude Undefined—Provinces Yet Unchanged, Provisional Government Vigilant—King Is at Gibraltar—Republic Declared Established.

Lisbon yesterday was tranquil. Nothing was apparent to show that the Braganza dynasty had ended and a republic set up, except small bands of provisional troops stationed about the city and the cheering everywhere of the red and green flag of the republic.
Business was proceeding as usual throughout the capital. A cabinet council was held, presided over by Provisional President Braga, and the new government's program looking to a betterment of the conditions of the country was formulated. King Manuel and the other members of the royal family are still in Gibraltar.
The provisional government announced that the new republic was safely launched and that the military bodies in the various sections of the country had signified their adherence to the republican regime.
WASHINGTON, Oct. 7.—A circular note sent to all the powers by Provisional President Braga announcing that he had been proclaimed President of Portugal, that the revolution had been successful and that he has appointed a cabinet, was received by the State Department today. The United States has not replied to the note.
The State Department will not commit itself by any form of communication until proof of the stability of the new government is forthcoming. There are evidences of censorship in the news given out from Portugal, according to officials here, who suggest that a better restoration and sustained a humiliated Lisbon today is in cloudless sunshine and wears a smiling aspect.
The Republic flag flutters on nearly every building and from every vantage point. The streets are thronged with promenaders, and a good sprinkling of tourists are guided through the capital. Shops and offices have been reopened and business generally has been resumed.
The only evidences of the recent perturbation are small bodies of troops stationed in the principal open squares of the city, and the passage now and then of a red cross ambulance.
Not a vestige is now seen of the place where a member of the royal family, the Duke of Braganza, was shot and killed. The damage done to the city by the bombardment was surprisingly slight, and while the total number killed has not been ascertained, it probably does not exceed 300.
A couple of hotels near the station bear traces of having been struck by shells and bullets.
PEOPLE CALM.
Recent events that startled the world are discussed calmly by all classes. The general feeling evidently is one of relief that a crisis long anticipated was surmounted so speedily with comparatively little violence and such a brief disturbance of the national life.
The most interesting man in Portugal is the new President, Theophile Braga, who may be said without exaggeration to be the father, not only of this revolution, but of that of Brazil, having by his standing as a prophet in history and philosophy prepared the ground for both movements. His unassuming manners may be inferred from the fact that last night after having been elected first President of Portugal, he returned as usual in a second-class compartment of the train to his unpretentious little home in the suburbs, quietly receiving the congratulations of the richest and humblest of his friends and gratefully acknowledging the frantic caresses of his fellow passengers.
Braga received today the congratulations of the Associated Press. He particularly stressed the revolution had no military or personal aim, but like those in Brazil and in Turkey were purely the outcome of philosophical ideas.

BATTLE IS REPORTED;
ESTIMATED LOSS 900
DETAILS NOT KNOWN

PARIS, Oct. 7.—A special to the Temps from Madrid says it is reported that a battle has occurred at Setubal, Portugal, between infantry that had gone over to the revolutionists and royalist cavalry. The casualties are estimated at 900.
At Badajoz, cannonading was heard in the direction of Elvas, where there is a fortress.

GOVERNOR IN AFRICA
TO RESIGN HIS POST

LOURENCO, Marques, Portuguese East Africa, Oct. 7.—Governor General Andrade at today's meeting of the council read a dispatch from Lisbon announcing the proclamation of the republic of Portugal. The governor general said that he would tender his resignation.

SAYS 1000 KILLED;
TO BANISH CLERGY

FRANKFORT-ON-MAIN, Oct. 7.—The correspondent of the Frankfurter Zeitung at Madrid says that refugees who have arrived there from Vigo, Spain, report the number of fatalities in Lisbon as a result of the revolution at about 1000 and that several thousand persons were wounded.
The Lisbon correspondent of the same newspaper says the new government has decreed the dissolution of religious orders, the members of which must quit Portugal within twenty-four hours. Another decree, he says, calls on the clergy to abstain from wearing clerical raiment on the streets so as not to provoke attack.
The departure of the royal family from Portugal was carried out without any untoward incident. It was also that the Duke of Oporto embarked on the royal yacht at Cascaes he said, "I am a Portuguese and hope to die in Portugal."
The only remark attributed to the Queen Mother Anne was simply:
"An exor!"
She addressed to a woman in waiting:
KING SAFE.
LONDON, Oct. 7.—King Manuel of Portugal, who has been driven from his country by revolution, with others of the royal court at Cascaes he said, protection of the British government. The Portuguese minister here received a telegram from King Manuel in which his majesty says: "The queen mother Anne, the Duke of Oporto and he arrived safely and in good health at Gibraltar on the Yacht America."
King Manuel, in his message, made no reference to the revolution or to his future plans. The general expectation is that the king and queen mother will find a permanent refuge in England where the Duke of Orleans and the queen mother's sister reside. It is believed the royal family will be offered temporary quarters at Gibraltar, one of the official residences being placed at its disposal.
The officers of the new provisional government of Portugal have represented for years the republican movement.

ASSAIL MONASTERY.

The authorities sent a force today to search the monastery at Grace and arrest the monks arriving there. The monks were barricaded. The soldiers fired several volleys into the building, whereupon the monks returned the fire, their bullets striking the roadway and adjacent buildings. The attackers withdrew for consultation.
Shortly they returned, assailing the heavy doors of the convent with battering rams. When the doors yielded the soldiers and people rushed in and searched every corner of the edifice, but not a fever was to be found. It is assumed they made the search by underground passages.

REPUBLIC GAINING.

President Braga issued a statement today voicing the sentiment of the government of the republic that the

RUSSIAN AVIATOR KILLED
BY FALL IN AEROPLANE

ST. PETERSBURG, Oct. 7.—Captain Macleevich, the Russian aviator, was killed today by a fall from an airplane while at a height of 3500 feet. He held the Russian altitude record of 3937 feet, which he made in a Rietot monoplane October 3, and was trying to exceed this.

HALL WON'T HOLD
JOHNSON AUDIENCE

Has Open Air Meeting Instead at Salinas; Itinerary Strenuous.

SALINAS, Oct. 7.—Covering 100 miles by automobile, as much more by train, and making speeches at five different places in San Luis Obispo and Monterey counties was the itinerary of Hiram W. Johnson today.

Tonight Johnson was warmly welcomed at Salinas, where he addressed a large out-of-doors meeting. He was scheduled to speak in a hall, but it was found that the place would not accommodate the crowd.
He made the first speech at Moro, a seaside town. At 10 a. m. he addressed a good sized audience at Cayucos and at 11 spoke in Cambria. After luncheon, the 40 miles to Paso Robles was quickly covered and Johnson spoke in Library Park at 3 o'clock. Following this meeting he boarded a train and came to Salinas.
Johnson will speak tomorrow at Pacific Grove, Monterey, Watsonville, Santa Cruz and close the day's itinerary with a night meeting at Santa Cruz.

SIX CONVICTS GET
OUT OF SING SING

Beat and Gag Keepers; Use Blankets as Rope Ladders; One Returns.

OSSENING, N. Y., Oct. 7.—Six convicts made a sensational escape from Sing Sing prison early today. After beating one keeper into unconsciousness and using his gag and handcuffs as a lever, they removed an iron bar from a window and lowered themselves to the ground by a blanket cut into strips. One of the convicts, a West Indian negro, returned to the prison after an hour's hiding and gave the alarm. The leader of the escaped convicts is William Green, serving a long term for highway robbery.
Word had been sent shortly after midnight to Keeper Drum, who was in charge of the chapel dormitory of the administration building, where the convicts were confined, that a prisoner had escaped.
Green set upon Drum and beat him into unconsciousness. Another keeper went to his aid and the latter was then bound and gagged.

STOCKTON MAN LEPER;
FAMILY IS DESTITUTE

STOCKTON, Oct. 7.—Health Officer Dr. R. B. Knight received official notification from Dr. Martin Regensburger, president of the State Board of Health, this morning that E. P. Fleckert of this city, having another in the veteran's home in Yountville, has been pronounced a leper. It is thought Fleckert contracted the disease in the Philippines during the Spanish-American war. Mrs. Fleckert and three children, who reside here, show no symptoms of the disease, but claim that they have been attracted since it has become known that the husband and father is a leper. The family is in destitute circumstances and in charge of the Associated Charities.

TRACING LAUNCH.

SAN FRANCISCO, Oct. 7.—The navy will Detective MacNamara and Brown of Los Angeles, Detective McGowan of the local police department traced the launch reported to have been used by the Los Angeles dynamiters to Martinez. At Red Rock, opposite the Giant Tower works, the dynamiters found a deserted camp where some canned goods had been abandoned. From this point the detectives went to the launch, beyond the Betty Smiling works, where the mysterious craft was seen by fishermen on Sept. 23. This was the last sighting.

FUND FOR RELIEF
OF FAMILIES OF
TIMES' DEAD
GROWING

Will Be \$2000 for Each of Bereft Homes Is Now Belief.

ARRIBATE STRIKE

New Clues in Schooner Mystery Unearthed by Finding Lost Tug.

LOS ANGELES, Oct. 7.—Funds for the relief of families left dependent by the Times explosion displayed signs today of mounting up to figures which may soon bear comparison with the amounts appropriated for the capture and conviction of the conspirators who killed their providers last Saturday. Banks have joined with the newspapers in collecting the funds and it was announced tonight that the total so far collected was more than \$20,000. This sum is divided among the families of twenty-one Times employees. It is probable that when the subscription lists are closed there will be more than \$20,000 available for each family.
Only seventeen bodies of the men who lost their lives in the explosion and fire have been recovered. None were taken from the ruins today and hope of getting any more out has all but been abandoned. It is feared the force of the explosion or the intense heat of the flames which instantly followed disintegrated the bodies of those still missing and that the cinder fragments were hauled away with the rest of the debris. Only eighteen of the twenty-three supposed to have been killed have been accounted for.
A general funeral for the victims will be held Sunday. General Otis arranged today for their interment in a plot in Hollywood cemetery which will be marked by a shaft to be erected to their memory.
A great throng is expected to attend the funeral, and though the city is quiet with no occurrence of feeling apparent. Temple auditorium where the services are to be held will be heavily guarded.

TO ARBITRATE STRIKE.

LOS ANGELES, Oct. 7.—The strike committee of the local metal workers' union conveyed informally to Mayor Alexander today the information that the union was willing to arbitrate the strike of foundrymen and structural workers now in progress in Los Angeles.
The action of the strike committee was the result of the suggestions recently published, that in view of the "Times disaster" all strikes in Los Angeles should be called off.
Mayor Alexander told the union men that he would be glad to act as arbitrator, and that he believed arbitration would result in good for both sides and for the people generally. But he added that he could do nothing until the proposition for arbitration came to him officially either from the employers or the strikers.
It is believed, however, that the employers will not consent to arbitration.

NO MORE BODIES RECOVERED

From the ruins of the Times building today. Arrangements were made for a general funeral service Sunday over the seventeen bodies that have been taken from the wreckage.
All the victims will be interred in one plot in Hollywood cemetery and General Otis arranged today to have a monument raised to their memory.

PEOPLE DESERT REEDLEY TO ATTEND FRESNO COUNTY FAIR

Excellent Entertainments
Planned to Be Held
This Winter.

Mennonite Conference Is to
Begin Its Four-Day Ses-
sions Today.

REEDLEY, Oct. 7.—Reedley is practically deserted today on account of several hundred people going to Fresno to the county fair. The special train which left here at 9 o'clock was crowded. The Reedley Military band will furnish the music for the day at the fair.

The baseball game which was scheduled to be played at Recreation Park in Fresno between the nines of the Sanger and the Reedley high schools this afternoon was called off at a late hour last night by the manager of the Sanger team. No reason was given other than that the Sanger team was unable at this time to cope with the Reedley Whites and Greens. The Reedley Union high school was dismissed today on account of this being Reedley-Sanger day at the county fair. A number of the pupils and teachers took advantage of the holiday and went to the county seat. An excellent lecture and the Reedley people of this fall and winter. The first number of the course will be given October 19 in the Jansen opera house, when Brooks, the entertainer, will give a number of his humorous selections. Last year the lecture course fund suffered from a deficit and those who guaranteed the course were obliged to make up the shortage. It is hoped that such will not

be the case this year. Three or four of Reedley's leading citizens are backing the proposition, with no thought of gain, and the people should come to their support. The course for this year offers some rare treats and should not be forgotten in the rush of their social events. Marion Denen of the Reedley National Bank attended the State Bankers' convention in Los Angeles this week. W. H. M. S. of the First Methodist Episcopal church will hold an important meeting in the church Wednesday afternoon, October 12, at 3 o'clock. All members are urged to be present. Rev. H. H. Hocker has been returned to the pastorate of the First Methodist Episcopal church of this city for another year. Rev. Hocker has been in charge of the Reedley church for two years past and has done excellent work. His salary has been increased, beginning with this quarter. Rudolph of this city is attending the State Bankers' Association meeting in Los Angeles this week. The Ladies Aid Society of the First Methodist church are planning to give a dinner on election day, November 8, in Lodge hall. The ladies always serve excellent meals and many of the townspeople will no doubt take advantage of this opportunity to enjoy the good things which the ladies will prepare. The Reedley Culture Club did not hold its regular weekly meeting this afternoon on account of so many of the members wishing to attend the county fair in Fresno. The regular meeting will be held next Friday afternoon at 2 o'clock in Lodge hall. Up to the present time the attendance has not been large at the sessions and it is requested that all members who can possibly do so attend the meeting next Friday. The Tuesday Parlor Club met at the home of the Misses Imogene and Dollie Reed this week. The afternoon was spent in sewing. Light refreshments were served. The meeting next Tuesday afternoon will be held at the home of Mrs. E. W. Davis spent today in Fresno at the county fair. Mrs. P. S. Knauer and son, who for the past month have been in Southern California, have returned home. R. C. Bowen and family, residents of this city several years past, have arrived here from Santa Cruz and will make their home at the McBrier farm, which Mr. Bowen bought several months ago. The Pacific Mennonite Conference will begin a few days' session at this city First Mennonite church. An excellent program has been prepared and several prominent speakers will be present. In the Sunday morning service the sermon will be in German. In the evening at 8 o'clock in English, the Special music has been prepared. The Christian Endeavor Society will meet at 8:30 o'clock Sunday evening, to which all are invited. There will be which all people's meeting at the United Brethren church, as the young people will attend the Christian Endeavor meeting at the Mennonite church. Next Sunday, October 9, will be rally day at the United Brethren Sunday school. An excellent program is prepared with several special features. All are invited to attend, especially those who are not affiliated with the other Sunday schools of the city. M. W. Beadle, who has been in the harness business in this city for several years, has decided to close his store and go to Southern California, where he will go into business. Mr. Beadle is president of the Reedley Chamber of Commerce and one of the leading Democrats of the city.

Book Dept.

Visiting strangers are invited to visit this, the largest book store in the valley. Ask for price lists of books, by which you can choose and order by mail.

SIME RALLY IS HELD AT LATON PAVILION

J. W. Beall Withdraws From Race for Supervisor From Fourth.

LATON, Oct. 7.—A rousing rally was held in the pavilion on the picnic grounds last night in the interests of the candidacy of Alexander Sime, who is making a splendid independent race, for supervisor of the fourth district. An enthusiastic crowd listened to speeches by N. Wallace Jones, president of the meeting; S. L. Heister of Salina and Candidate Sime. Musical numbers furnished by the Sime Glee club and the Kingsburg orchestra.

Word was received in the Sime camp this morning that J. W. Beall, the other independent candidate for the supervisor or had withdrawn from the race in the interests of Sime. Sime's supporters now confidently predict his election. A Woman's Progressive club has been organized for the purpose of "improving the appearance of Laton and advancing the interests of the town and for the moral culture of the members." The officers are: President, Mrs. H. E. Lindley; Vice president, Mrs. C. W. Camp; secretary, Mrs. H. R. Salsbury; treasurer, Mrs. J. R. Turner. The postoffice was removed to its new quarters in the A. G. Smith block, corner of Fourth and D streets today. The new office is a commodious one and is fitted throughout with new furnishings, making it one of the nicest little offices in the state. F. L. Bortwick is postmaster.

14-YEAR-OLD LAD JAILED FOR THEFT

Admits Stealing Bicycle; To Be Tried for the Offense in the Juvenile Court.

HANFORD Oct. 7.—Jasper Stone, a well dressed boy of about 14 years, was arrested at the Southern Pacific depot this morning by Constable H. M. Bernstein for stealing a bicycle. His arrest was made through the recovery of Charles Kendall's wheel which was stolen from the alley at the city hall about a week ago. Officers Bernstein and Goodrich have been working on the bicycle case for some time, and this morning they recovered the shabby named wheel which was being ridden by a boy aged 9 years. The little fellow said that the wheel belonged to a boy named Stone, who was then at the Southern Pacific depot. When taken into custody, Stone refused to talk, excepting a statement that he had been riding at the city hall for the youth of town. Later he admitted that he had stolen a wheel from a rack at Kelly's store, and sold it to a second hand store in this city. He said that he came here from Atwater, Merced county. On account of his age he has been turned over to Marshal F. E. Beck, probation officer, and his case will be taken up in the juvenile court.

Antonio Lemon, infant son of Mr. and Mrs. Antonio Lemon, died this afternoon at the family residence three miles southwest of Lemoore. The funeral will be held Saturday at 11 o'clock a. m. from St. Bridget's church, this city. At the request of Attorney R. J.

Hudson, S. L. Landis will be given a trial before a jury as to his sanity Thursday night.

DANCING HORSES. Cal. Wm. P. Cody (Buffalo Bill) and five riders from his cowboy staff, will perform the quadrille on horseback at the plain, the infantry and cavalry of the numerous diversions with the Wild West and Far East. It is a very pretty performance, but can hardly be called a dance; for how could one speak of "trading a measure"—the speak of the dancing. What with the big dance of the plains, the infantry and cavalry, the "hacking branches," musical elephants, the Oriental spectacle, and the skillful shooting of Buffalo Bill and Johnny Baker, the Wild West and Far East will afford interesting and diverting entertainment on Buffalo Bill's last visit.

SEES BURGLAR BURGLING AND CALLS POLICE TO FIND MAN GONE

Madera Has Real Sensation, Neighbor Prevents a House-Breaking.

W. Stahl Called to Bay by Ambiguous Death Message Yesterday.

MADERA, Oct. 7.—An attempt to burglarize the home of Mrs. Saunders on a street last night was frustrated by the Wadsworths, who happened to go home just as the burglar was planning an entrance. As he started his home, he noticed a light in the window and saw a man standing near the door. He called out, but paid little attention to him, thinking that possibly he was one of the neighbors. Shortly after he entered the house he heard a noise and going upstairs saw the man working at the window. He then came down stairs and turned on the lights in the dining room and then sent in a telephone message to the city marshal's office. A neighbor happening along at the time evidently scared the burglar away, for when Constable Lewis arrived a short time later the man was gone. He had made a hole in the screen and was evidently trying to break the screen when disturbed. The foot prints of the burglar were found on the newly painted lawn this morning.

Mr. and Mrs. W. Stahl left for Oakland this morning in response to a message telling them of the sudden death of a relative, which was their father. The message was worded so that it leaves a doubt as to whether it was Mr. Stahl's brother or nephew who passed away.

The petition for the probate of the will of George W. Wornum was filed this morning.

W. H. Webb, who went to Fresno yesterday with his wife, who is suffering from kidney disease, returned this morning and reported that an operation for the removal of the diseased kidney would probably be performed on next Sunday.

Mrs. J. M. Jones left this morning for Fresno to attend the fair.

SKIN DISEASES HUMORS IN THE BLOOD

Nature has made ample provision in the moisture and sunshine of the air for the outward protection and healthy condition of the skin. But the more important work of nourishing the cuticle has been left to an inward source—the blood. It is from the circulation that the pores and glands receive their stimulus, and the fibrous tissues are all preserved in a healthy state because of constant nutriment supplied by the blood. It is only when the circulation becomes infected with humors or acids that we are troubled with skin affections. The humors producing these troubles are carried through the circulation direct to the skin, and their irritating or inflammatory effect remains until the blood is cleansed. S. S. S. cures Skin Diseases, because it is the greatest of all blood purifiers. It goes into the circulation and REMOVES the acids and humors which are causing the trouble, builds up the weak, acrid blood, and completely cures Eczema, Acne, Tetter, Salt Rheum, pimples, rashes, and all eruptions of the skin. When S. S. S. has driven out the humors every symptom passes away, the skin is again nourished with cooling, beautiful blood, natural evaporation is renewed, and the skin becomes soft and smooth. Book on Skin Diseases and medical advice free. THE SWIFT SPECIFIC CO., Atlanta, Ga.

DINUBA TO HAVE \$8,000 SOUTH METHODIST CHURCH

New F. U. Seeding Plant Has Successful Try-Out; Packs 200 Cases.

County Library Ready for Enlargement; Emperors Are Shipped.

DINUBA, Oct. 7.—The members of the South Methodist church are planning for the erection of a fine new church shortly. At the quarterly conference meeting held a few evenings ago, a building committee was appointed, consisting of the following: J. T. Boone, A. Clark, Dr. W. Whitcomb, J. A. Berryhill and L. Rice. The church is to cost in the neighborhood of \$8,000 and will be one of the finest in this section. An application was also made by the conference to the general board of church extension of the denomination at Nashville for a gift of \$2,500 toward the building fund. This gift was promised Rev. W. J. Fenton, the pastor, during his trip East in May.

The members of the Dinuba Farmers' Union Packing company are much delighted with the successful operation of their new seeding plant yesterday. The machinery was given a try-out and so well did it work the first day that over 200 cases of the seeded raisins were packed. The plant is the only one in this part of the valley and already the company has orders for more than they have goods to supply with. The local concern is making a fine showing and will be in position next season to handle a very much larger volume of business.

Robert L. Hill, recently a candidate for nomination for sheriff, has purchased the blacksmith shop formerly conducted by Tom Woolley and will conduct the same hereafter. Hill is well known here.

The wedding of Miss Margaret E. Smith of this city and Margaret E. Smith of Riverside, but at present employed here, which occurred in Madera a few days ago, came as surprise to their many friends. The young people thought to miss their friends by slipping away to Madera and there being married, but the fact leaked out about the time they reached Fresno, and the next evening a fine wedding was an awful event. The happy couple will make their home here.

The new Tulare County branch library, which was established here about three weeks ago, has proven such a popular affair that already the branch has become entitled to a secretary and a number of bookkeepers. The Dinuba branch, according to the county librarian, is leading all the others in the county, and is ready for a second unit before many of the other points have received their first supply. Announcements are out for a big Democratic rally to be held in the Evans opera house here on the evening of Saturday, October 15. Among the speakers will be Miles Wallace of Fresno and Hon. J. W. P. Baird of Bakersfield.

October 22nd is the date set for the arrival of the San Francisco Mercantile association in Dinuba. The train is due here at 5:30 a. m. and the visitors will remain here until 10 o'clock.

The first car of Emperor grapes was sent from here Tuesday by Z. M. Hecker, the fruit being packed by the Earl Fruit company.

CUTICURA CURES STAY CURED

First Father is Cured of an Eruption that Burned and Itched Day and Night. Then Baby is Cured of a Distressing Rash.

Neighbors Pleased to Find a Sure Cure for Skin Afflictions.

"I suffered for eight years with what the doctors called the 'seven year itch.' This was like small red pimples such as form on the face but they burned and itched, day and night. The pimples were from my ankles up, but mostly on my thighs and arms. I tried doctor after doctor but their medicines brought no relief. But at last I struck the right treatment—this was Cuticura. I bought a set of the Cuticura Remedies—Cuticura Soap, Ointment and Pills—and a few applications brought relief. When I had used about half the set I was nearly cured and after using two full sets I was well and best of all, I have stayed cured." "About four months ago, my baby began to be covered with a rash and his head with a spreading sore. Back of the ears, the flesh cracked open and the poor baby would scratch till he bled. He worried, cried and could not sleep. Then we bought a set of Cuticura and with a few applications the burning and itching ceased, baby stopped worrying and could sleep. When this single set had gone we had no use for any more as baby was never troubled with the disease again. The neighbors who saw the condition of the baby all asked what cured him and when we told them, they were surprised and pleased to find a sure cure for these skin afflictions. Edward H. Carter, 323 North 5th St., Camden, N. J., Mar. 6, 1910."

A single set of Cuticura Soap and Ointment is often sufficient, restoring it the most concentrated treatment for all kinds of skin and scalp troubles. Get the whole lot, Cuticura Soap, Ointment and Pills. Sold by Druggists. Sole Proprietors: J. C. Cuticura, New York, N. Y. Prepared by Dr. J. C. Cuticura, New York, N. Y.

PORTERVILLE RESIDENTS GIVE AUTO PARADE AT LINDSAY

High School Girls Strike When Asked to Work Without Pay.

Deposit of Precious Stones Discovered at Base of Mt. Whitney.

PORTERVILLE, Oct. 7.—Porterville turned out in force to assist this evening at the money street carnival which was being held more than 200 local residents looking on at the parade. The parade was given at the request of the residents of this city by an auto parade nearly a mile in length. The machines were mainly decorated with streamers and pennants and lights and on the two leading machines were gay banners with the words "Lindsay-Porterville, Mutual in Interest, Mutual in Spirit."

These stories of the Lindsay celebration had set this as a Porterville day but even the most enthusiastic of the Lindsay boosters did not anticipate that anything like as many people would turn out to the demonstration. In addition to those who went by auto from this city, the S. P. railroad ran a special train leaving this city at 7 p. m. and returning left Lindsay at midnight, affording an opportunity to view the fireworks and music for the dance. About 500 Porterville residents participated in the celebration this evening.

After working a crew of men for some weeks and after having sacked what he considered was a fine assortment of picked ore, George E. Murphy, retired contractor of this city, discovered that his supposed gold mine on the upper Tulare river contained nothing more valuable than a nice deposit of iron pyrites. He is now looking for a new mine.

There was up for the discussion of the students, the question of a bazaar and entertainment for the benefit of the athletic funds. When the vote was taken on the proposal, it was decided by a few votes. When the meeting of the student body had recovered from the shock one of the leaders of the girls calmly stated that the feminine vote had defeated the project. It was then when the male students' comments are given the girls do nine-tenths of the work and the boys get all the money. So a bargain was insisted upon. The girls demanded that they be given a share of the proceeds or they would not entertain. Thereupon it was agreed that one-third of the net proceeds are to go to the girls. The boys are to receive the remainder of the money and pay the expenses. When this bargain was struck, the question was when the money was to be paid and the proposal was duly carried.

When a contract was signed today for the construction of Olive street at the foot of Main of a two-story, fire-proof steel and brick covered building for Marshall & Bigley, the opportunity of extending Main street through to the south limits of the city seems to have passed for the time being at least.

Marshall & Bigley were the oldest losers in a recent fire which destroyed a row of buildings at the end of the street and they claim that their daily loss of business is so large that they cannot longer delay their new block while the street extension plans are being worked out.

Tom Nelson, who is the owner of the land upon which is situated Camp Nelson, perhaps one of the best known resorts in the upper hills, has found at the base of Mt. Whitney a hole from which he has taken a large variety of the opals, olivines and topazes.

Mr. Nelson, after accurately locating the property, brought out with him a number of samples of the gems, which were sent to San Francisco for examination. They were returned with the statement that the stones would in all probability be marketable for from \$2 per carat for the best of the topazes, up to \$3 and \$4 per carat for the opals and the olivines.

Erection notices have been filed upon the property and Mr. Nelson expects to put a number of men at work taking out the rock as early as possible next year. By reason of the elevation of the property it is not probable that much can be done earlier than the first of September. Heavy snows of the past few weeks have completely covered the location.

The result of the reconstruction of the Pioneer Bank building will be that from the granite which composes the present building, a new block is to be built on Main street south of Oak. The old blocks will be used as the foundation and will be topped with pressed brick. Officials of the bank are to be the owners of the new property. As the situation has not been definitely secured, the exact location of the property upon which the block is to be placed has not as yet been given out.

END PRISON CONGRESS.
WASHINGTON, Oct. 7.—With the work of the Eighth International Prison Congress practically concluded, delegates began leaving today after the executive body had chosen London for the next meeting in 1919 and selected Sir E. H. Rieuwerts, of the Netherlands, for the presidency. The final session of the assembly will be held tomorrow when the action of the commission today will be formally ratified.

CRITICS

ALL DRUGGISTS

MODERN ROSALIND DONS PEG TOP TROUSERS, IS NOW IN JAIL

With Young Man, She Had Gone to Tulare to See the World.

Exchanges With Reluctance "Boy's Clothes" for Attire of Her Sex.

YISALIA, Oct. 7.—A girl giving the name of Irene Evans and her age as 19, was arrested near Tulare this morning, dressed in boy's clothing. When her was a youth who said his name is Clinton Potter and declared his age to be 17. The pair said they had come from Bakersfield and had walked the greater part of the distance.

The two applied at a farm house asking the distance to Tulare. Herlock Shomes, the ranchman, became convinced that the pretty "boy" was a girl. He said the distance was ten miles, but that he was just preparing to go to town and would take them. When they waited, he went indoors and telephoned to Marshal Smith. The distance was only three miles and the officer arrived shortly and took them into custody. The news had got abroad in Tulare and several hundred people gathered to watch their arrival. The pair were later brought to the county jail in this city.

At the jail the girl, who possesses a distinctly feminine face, refused to say anything, although having previously admitted that she had run away from home. Her father had been going to her, she said, but she had just "got tired of staying home and doing nothing." She refused to say where she was from.

The youth, however, talked quite freely. He said he had relatives in Kansas and other parts of the East and Middle West. He had left home some months ago to strike out for himself and had come West. He met the girl, he said, last summer in the hop fields near Santa Rosa. He understood at that time that the girl had run away from home. He said he did not know where she was from.

They had become acquainted, and the girl having confided to him the fact that she was out to see the world, it was proposed that she don her boy's clothing and accompany him. This was done and the two have been in the southern part of the state. They arrived in Bakersfield a short time ago where their money gave out. They decided to go to Fresno and had walked, except when they changed to get a ride, about half the distance, when taken into custody.

At the jail the girl was given the conventional attire of her sex and donned the garments, discarding the boy's clothing, not, however, without some reluctance. When arrested she was dressed in a dark pair of trousers, "full peg," and wore a black overshirt and a slouch hat. Her hair, which is a light brown, was tucked up under the headgear. Her shoes, which were rough and evidenced the long walk, were women's make. These and her face gave her away.

The youth is about five feet, six inches in height, with black eyes and dark brown hair, the latter very wavy and inclined to be curly. He looks almost as much like a girl as does Miss Evans. Had he maneuvered in feminine attire, they might have passed without suspicion.

The youth is being held as a minor and his case is being investigated by Probation Officer T. J. Cross. The girl, being over 18, is probably not amenable to the probation law, but because somebody pulled the cord that caused the special from Lindsay to back last night before half the excursionists had left the train, Mrs. C. B. Scott of 113 Cypress street in this city, was thrown to the ground and sustained severe injuries.

The train had just pulled into the local depot bringing some 125 excursionists who had been to Lindsay to attend the festivities incident to the carnival in progress there. Suddenly, and without warning, the train started to back and Mrs. Scott, who was just in the act of alighting, was thrown violently to the ground, striking upon her head and back. She was dazed for several minutes but later recovered and was taken home by Mr. Scott, who was just behind her.

Inquiry of the engineer yielded the information that the signal to back had been given. The conductor stated later that he had not pulled the cord and he believed that no member of the train crew had done so. He said he thought it was the work of some irresponsible person.

Mr. Scott stated this afternoon that she still felt the effects of the injuries received. A dress worn by her was ruined.

J. Sub Johnson, chairman of the local committee hosting the Panama-Pacific exposition to be held in San Francisco in 1915, today received 5,000 post cards, 1,000 stickers, 500 large folders and 2,700 small folders for distribution in this city and elsewhere in the county. School children will be supplied as many as will promise to forward the cards to relatives or friends east of the Rockies, and other persons will be furnished the same upon similar conditions.

Oscar Evans is erecting a five-room bungalow on his property recently located opposite the former residence of Judge Cross at School and West streets.

A Democratic rally will be held at Tulare tomorrow night when J. E. Demperton, candidate for attorney general, E. C. Furnessworth and Judge W. B. Wallace of this city, and J. W. P. Laird of Bakersfield will speak.

\$5,000 IS TAKEN FROM DEPOT; EMPLOYEES HELD

NOGALES, Ariz., Oct. 7.—A report was received here today, of the robbery of the passenger train on the Santa Fe railway, forty-five miles south of Nogales, Wednesday night. It is said that \$5,000 was taken from the safe. No trace of how the thieves gained entrance or other clues are known. The agent in charge has reported under arrest pending an investigation. The affair is very mysterious and efforts are being made to keep it quiet.

Another New Lot Dress Hats Go On Sale Today at \$5.00 That Really Look Like \$7.50 and \$10

Any woman who is contemplating paying \$7.50 to \$10.00 for a hat should see these we are offering at \$5.00. There will be some entirely new effects shown today of a new lot that just came in yesterday. They are not \$5.00 hats. They are hats that look like \$7.50 and \$10.00 values. They have the style and quality of the better grades. They are dressy hats in medium and small shapes. Many are made of velvet (and they are all hand made), neatly trimmed, that make them a splendid hat for street wear at a very small cost. You will find a splendid selection of colors such as brown, red, green, navy and gray.

Sale Willow Plumes \$9.95 for Our \$12.50 Quality

We place on sale today a limited number of our special \$12.50 willow plumes for \$9.95. They measure 18 inches long. They come in black and white only. They are made of good quality fibre—fibre that is well covered and has a good lustre. Not only are they a good length but they are also full and wide and have an unusually full tip. While these are our special \$12.50 quality, we can conservatively say they are as good as we have offered at previous seasons at \$15.00. We offer them on special sale today, while they last, at \$9.95. You will see a big lot of them displayed in our windows near the entrance.

See our windows—They contain many special items not mentioned in this advertisement

\$20.95 For Fine Tailored Suits of Splendid Mannish Suiting

We consider this one of our best values. These garments are made of that rich mannish suiting in splendid colors of gray grounds with invisible stripes. It is a hard twisted material that usually comes in much higher grade suits. The coats are strictly tailored and well made, lined with good satin. The skirts are unusually pretty, having a deep flounce plainly tailored and measure about three yards at hem. We advise those interested in this garment not to delay.

Fancy Silk and Plaid Waists

Serviceable Colors \$3.95

WONDER
CLEAN AND PUT AWAY IN THE WARDROBE

We have extra long Broadcloth—Coats—they measure 59 inches long, semi and tight fitting.

\$2.95 For Silk Petticoats Worth \$4

Fancy Silk and Plaid Waists

Serviceable Colors \$3.95

These are made of a good heavy taffeta and while we say they are \$4.00 values, they are our special \$2.95 petticoats, but worth \$4.00. They have an eleven-inch flounce with nine fine tucks and come in good colors and are good and wide.

A Marathon Race, with its grinding, wearing strain, demands the stick-to-it spirit, which is the highest type of courage.

To have muscles, brain, heart, nerves, all in tune for his supreme effort, the Marathon Racer and every strenuous athlete must have the right food and drink, for on these depend his strength and nerve power.

Ghirardelli's COCOA

makes the ideal beverage for the sturdy athlete just as it does for the growing child, for it is the beverage that gives vigor and vim. It is all nutritious; our process brings out all the wonderful nutriment in the cocoa bean, a greater percentage than any other food contains.

Ghirardelli's Cocoa is so delicious that it is the most popular of all table beverages. Try it. Today.

ROAD BONDS

If there was ever a governmental project that had no friends, it is the \$10,000,000 bond issue for state roads, which is before the people for rejection this fall. Apparently nobody is for it except the San Francisco Post—and that is nobody. Probably the untombed enthusiasm would like it if through bondholders could be built for their benefit at other people's expense. But they recognize that it is unjust, and so they do not urge it. The counties that have already bonded themselves for permanent roads, in the places where they want them, are not worrying over the state bond proposition, which would merely connect one of these roads with another road going where nobody but an automobile wants to go. The counties which have not yet bonded themselves prefer to wait to pay for local bonds, for roads where they want them, rather than pay for state bonds, for roads where they do not want them. The big cities say, "If the country does not want them, why should we?" So everybody is against them.

The truth is that long-distance, through-traffic highways are things of the past and of the future. The present use is for the local road, leading from the farm to the shipping station or the market town. The exception is the mountain roads, which represent the conditions of the past, and the automobile boulevards, in the places where they can be afforded, which represent the conditions of the future. Where freight moves by wagons and passengers by stage, as on the thoroughfares in and into the mountains, through roads, in many cases built by state aid, are important public institutions, for the same reason that they were in Caesar's or Napoleon's time. Where automobile travel is so frequent as to constitute a public institution, of public interest, there automobile boulevards are a legitimate public luxury, as they will be everywhere, some day. But the present fact is that the railroad is the through road and the highway is the local road. Nobody ever travels from San Francisco to Los Angeles by road except for fun. It is cheaper, easier and quicker to travel by rail. And we never heard of anybody but the Los Angeles dynamite men suspected of hauling freight from San Francisco to Los Angeles by road. Therefore, a through road between these cities is a mere amusement for automobile tourists. And their interest has not yet become the public interest, though we do not doubt that some day it will be. In the present stage of transportation development, the important road is the local county road, connecting the farmers with each other, with their marketing and shipping points, and with the county seat. These roads are best built by the local governments. Some day they may be amalgamated into a state system, but there is no hurry about it, and there are lots of things, more urgent, to be done first.

Incidentally, it happens that the proposal as now submitted is faulty in detail—so faulty that, at a recent careful discussion before the Commonwealth club, not one advocate nor one argument could be found for the proposition, in any aspect. But the objections to the general policy would be conclusive, even if the details were perfect.

ROOSEVELT COMES OUT

The letter from Theodore Roosevelt to Meyer Lissner, published this morning merely makes public what has been the personal fact all along—that Roosevelt is and has been for Hiram Johnson. In fact, since the letter to Lissner has been published, there is no harm now in saying that plenty of other letters to the same effect were already in existence. The Lissner letter is merely the first one whose publication was authorized. Theodore Roosevelt had for a while the curious notion that he could keep in public affairs and out of politics. So his opinions on public issues were made public but his opinions on candidates were for private circulation only. Of course the notion could not survive the bumping of facts, and Roosevelt is now in the thick of the political fight. But probably he was right in waiting to be asked in, instead of knocking his own way in, and in keeping publicly out of California politics until he got into New York politics. Be that as it may, the bars are down now, anyhow, and Theodore Roosevelt publicly proclaims that he is for Johnson, that he would like to stump the state for him, and that in his opinion failure to elect Johnson "would be a blow to good citizenship."

Roosevelt is of course right. The case is the plain for all to see. But the public statement to that effect from Roosevelt, is distinctly gratifying. For one thing, it takes some of us out of the Arizona class. And it gives force and prestige to the argument. A contention around in itself, and also sanctioned by Theodore Roosevelt and Clifford Pinchot, is pretty sure to find public acceptance. It is gratifying to the judgment, and it is also gratified by personal confidence. Most of us reach our conclusions by a process of both the processes. We believe a man who says he is for Johnson, and who is a Republican, is for Johnson, and we are in a better position to judge when we find it is also the judgment of others in whom we have confidence.

We are however, a little bit of a "good citizen" to be heard and respected by good citizens of all parties and

THE MELTING POT

The dramatic critic reviews elsewhere "The Melting Pot," but may we not make here the local application that the Fresno "Melting Pot" contains about the most complex and interesting material for the amalgamation of the future American of any small town in America? We are used to it ourselves, but our cosmopolitan population is the one thing most striking to the outside observer. And we may be just as certain as we are of the progress of the years that the time is coming when these many nationalities will become one nationality, not merely in language, sympathy and institutions, but in blood. Their grandchildren will be our grandchildren, too. And, without waiting for the inevitable future, it behooves us, in our own time, to get a little broader, more intelligent and therefore more tolerant understanding of our grandchildren's other grandfathers. They are pretty good people, after all. And, for better or for worse, they are, with all the rest of us, the progenitors of the future American. It is not a question of Jew or Gentile. That, with us, is the least of the difference. But it is a question of some newer and sometimes bitterer national prejudices. We might as well forget them. Our grandchildren are going to amalgamate them.

THE FAIR

The Fresno county fair has been a big success, in every way. It is even a financial success. It gathered the biggest crowds ever gathered in one place in Fresno, and they were pleased and satisfied crowds. It did all this without selling pools, with horse racing occupying only its proper place, and that without gambling, without whisky-selling, and with real horses on exhibition, not the degenerate, bred-out racing freaks that the running game and the pools have produced. In other words, by doing the things which some fair promoters pretend will kill a fair, the Fresno county fair directors made the fair, it was a good fair and a good lesson.

The Porterville Enterprise asks that a correction be noted in regard to an editorial on the Los Angeles Times reprinted in the Republican a few days ago and credited erroneously to the Enterprise. The wrong credit was of course a pure inadvertence. We have lost the original clipping and do not know from what paper the editorial really came. However, whoever printed it, it was a very well written editorial, of which the Enterprise need not have been ashamed.

GENERAL RATE RAISE DELAYED FOR INQUIRY

WASHINGTON, Oct. 7.—The Interstate Commerce Commission suspended today a general tariff affecting between 500 and 600 railroads and water lines. The schedule, to have become effective October 10, was suspended until February 6, 1917, because the commission believed there was sufficient ground for claiming that the advances were unjust and unreasonable. The suspended tariff applied to higher class rates from eastern points to the Pacific Northwest and British Columbia.

GAMBLE WITH NATURE.

Ten days in August when fear haunts Canadian Northwest. For ten days and ten nights early in August the Canadian homesteaders are under the hot sun of a long summer day helps the feeble patches of yellow in the grain to make deep inroads into the mass of green. Day by day the conquering yellow sends its color over the receding green, until the field is half and half. Night by night the homesteader watches the temperature, the winds and the clouds. Each night is a bit colder than the preceding one. There is the suggestion of frost in the air early one morning.

The world is now yellow with patches of green—the reverse of last week's condition. Under the influence of the blazing, burning sun the yellow throws off the suggestion of frost and wades into the fast disappearing green, until the field is half and half. Night by night the homesteader watches the temperature, the winds and the clouds. Each night is a bit colder than the preceding one. There is the suggestion of frost in the air early one morning.

The yellow, now tipping into golden brown, dominates the field. Another day or so and early one morning a blinding blizzard will sweep in. The grain is ripe and ready. It has been saved by the elevator men. The grain is now in the elevator. The homesteader has made a gamble. He has gambled with nature—and won.

Through these western provinces of Canada, during the ten-day period of ripening season every year there is the danger that a killing frost will catch the grain.

The margin of time between the ripening and the killing frosts is so small that everywhere in these grain-growing provinces there is that anxious ten-day period—the anxiety based on the fear that the margin of safety will disappear and the frost catch the grain before it is ripe and ready.

This, fundamentally, is the heart of the western Canadian proposition, and the people living there realize it. Traveling through these provinces, talking with the elevator men, the merchants, the farmers, the bankers, the homesteaders, one cannot but catch this note of uneasiness. It is in the air. Consciously or subconsciously, it is in every one's mind.

COLONEL DEFENDS NEW NATIONALISM

In Speech at Bristol Declares Doctrine May Avert a Revolution

BRISTOL, Tenn., Oct. 7.—In a speech here today, former President Roosevelt defended his doctrine of "New Nationalism." The crowd which greeted him was so great that Roosevelt had to fight his way from his automobile to the grandstand, and from there to the platform, in a struggle with the crowd. He was greeted with a shout of "Roosevelt!" and a cheer of "New Nationalism!"

"Much obliged," Col. Roosevelt shouted, waving his hat at the people. "I am back among my own people," he said. "I am back among my own people, back from Africa and Europe, feeling that in spite of all our short coming there is not another land where the average man has such a chance as he does here."

"All that I am trying to do is to keep this land as one in which the average man has a square deal. What I mean by the new nationalism is simply the efficient application of the old moralities to new and changed conditions."

"This country was founded for the purpose of trying to secure equality of opportunity for all men and we must try measurably to realize that ideal."

"We must try to see that in political and industrial life there is no special privilege. I like the laboring man, but only if he is a straight man. My criticism is not against the rich man. That is not true. I am against the little crook, but there is this distinction: The neighbors of a little crook can take care of him, but when it comes to a man with a hundred million, he's the neighbor of all of us. He's too big for his immediate neighbors and that's why I want Uncle Sam to tackle him. He's big enough."

"That is not revolutionary, but counter-revolutionary."

He added that such federal control would obviate conditions which might bring about a revolutionary movement.

"Here are two cardinal principles of the 'New Nationalism,'" he said. "In the first place, efficient honesty. In the second place, the right of the people to rule."

"The men who are honest in Wall Street have nothing to fear in New Nationalism. But the Wall Street man who wants to make a fortune by selling paper which is not worth anything is perfectly right in dreading 'New Nationalism.' The man who has a hundred million dollars and uses his power improperly is right in dreading 'New Nationalism.' For we intend to shear him of that power."

Colonel William A. Gaston of Boston, ex-Congressman Joseph H. C. O'Neil, ex-Congressman John C. Crosby, a justice of the superior court, Justice Charles De Courcy, also of the superior court, have been mentioned as probabilities.

District Attorney Joseph C. Pellitter of Suffolk county, who was talked early in the day, announced that he was not a candidate.

Meanwhile Mansfield and Clifton Loring of Medford have been settled upon as the temporary candidates for governor and lieutenant-governor and their acceptance will be made with the secretary of state tomorrow with the understanding that they will withdraw when the committee settles upon who shall be the regular candidates.

Spain now fears Carlist uprising. France, by Request, Removes Olodabal From the Spanish Border.

MADRID, Oct. 7.—At the request of the Spanish government, France has asked the Carlist leader, Timoteo Olodabal, who is residing at Saint Jean de Luz, France, to leave that town and fix his domicile several miles distant from the Spanish frontier.

DESPERADO DEITZ IN CABIN DEFIES POSSE, ATTACK AT DAYLIGHT

WINTER, Wis., Oct. 7.—Final efforts to get John Deitz to surrender peacefully failed this afternoon and Attorney General Frank T. Gilbert upon leaving for Madison said to Sheriff Madden:

"Do your duty."

The sheriff undoubtedly intends to do this, as his seventy-two deputies are drawing close to the little log cabin on the St. Horn Apple river and at daylight an attempt is to be made to arrest the "Cammer" dam defendant.

The governor's representatives today offered to guarantee Deitz immunity for all the alleged crimes charged against him and members of his family with the exception of the Horrell shooting, if he would surrender. Deitz insists that all civil claims against him must be dropped before he will be captured alive. The civil claims include judgments against him amounting to \$25,000.

Deitz at one time this afternoon walked into what was planned as a trap, but the two deputies sent to a point of woods near which he was standing had not arrived at their station. Later in the afternoon, Deitz refused to leave the cabin and the evening chores were done by his children. His 14-year-old daughter and Leslie went to the spring for water. In the evening, Leslie was seen going to the bank of the dam with his blanket with the evident intention of staying there through the night.

The town of Winter is in a state of feverish excitement tonight.

STATE FEDERATION TO PROBE TIMES CRIME

All Clues to Be Followed; T. C. Seward Elected a Vice President.

LOS ANGELES, Oct. 7.—The eleventh annual convention of the State Federation of Labor concluded its sessions in this city today. Officers were elected as follows:

President, D. D. Sullivan, Sacramento; Vice presidents, C. Ploger, W. A. Engle, Los Angeles, First District; T. C. Seaward, Fresno, Second District; A. L. Jones, San Jose, Third District; James Hurley, Crockett, Fourth District; R. W. Thierington, Sacramento, Fifth District; H. Menke, Alameda, Sixth District; L. B. Leavitt, Vallejo, Seventh District; B. W. Erickson, Eureka, Eighth District; J. H. Markworth, San Diego, Ninth District; Secretary-treasurer, Scherberg, San Francisco. Delegate American Federation of Labor, L. W. Butler, Los Angeles.

On its own recommendation, the committee appointed to investigate the Times disaster was divided into sub-committees. Edward Crough, E. F. Fanning and Harry Welton to continue the investigation in Los Angeles; H. Bartley to follow clues at Vallejo; A. E. Elkin and T. D. Warwick at San Francisco; and E. F. Mason at San Jose.

It was decided to again bring before the next legislature a bill to amend the Penal Code, relating to enticing seamen to desert, twice vetoed by Governor Gillett so as to secure to "amend seamen the right of personal freedom equal with that enjoyed by other classes of citizens."

The legislative committee was also requested to secure an amendment to an existing state law requiring that public service enterprises be given twenty-four hours off during each week by attaching to it a penalty for non-compliance with the same. A resolution was adopted favoring the extension of the present Chinese exclusion act so as to make it include all Asiatics.

Bakersfield was selected as the place for the holding of the next annual convention.

KNIGHT ERRANTY. When Chance, Romance, and a brave free lance. Kept all the Roads of Circumstance. Those were the days of gold. When a maiden sweet. With a dragon meet. For champion, strange knights would. Upon the lonesome world.

Now, you know few of our stunts go through. Just as we really want them to. And we're tremble around the knees. We nearly drop. When a strolling cop. In the park says: "Spoonings has got to stop. So beat it if you please."

Yes, at times, in rhymes, we sigh for the climes. Where the wind brings the cadence of chapel chiming. For castles on countless hills. For castles in distance. (That's the business!) These days all we do is to hook up a dress. And settle some little bills. —W. Edison Smith, in Smart Set.

THEODORE BELL TALKS TO PETALUMA CROWD

For Exclusion of Aliens Who Can't Swear Allegiance to Flag.

PETALUMA, Oct. 7.—Theodore Bell, democratic candidate for governor, addressed a large and appreciative audience in the opera house at Petaluma tonight. Bell was introduced by Judge J. H. Goodford, democratic candidate for associate justice for the Court of Appeals in the lower district. He briefly told of Bell's career during the last sixteen years and how he had stood for years for reform and good government, a cry which only lately had been taken up by others in the state.

Bell severely denounced what he declared to be Southern Pacific influence in the government of the state and would "free the people from such shackles." He declared that he stood for a clean, decent and honest campaign and charged Hiram W. Johnson with saying that he, (Bell) had deceived the cause of the people.

Shortly after a o'clock Bell left for Santa Rosa by automobile where he addressed another enthusiastic meeting under the auspices of the democratic club.

News of Oil Fields

COALINGA OPERATORS FLOCKING TO FIELDS

Town Is Deserted as Result of Associated Agency Agreement.

The signing of the agreement between the Associated Oil Company and the Independent Producers' Agency has produced a marvelous change already in Coalinga and the Coalinga field. No sooner had the word spread that the Associated and the Agency had joined hands than the town of Coalinga became practically deserted of life. The operators all hastened to the fields and are now working with might and main. Every well that was shut down because of the inability of the Agency to handle the supply is now being opened up and some are already opened up and some more oil is flowing in large quantities.

The effect of this agreement was more far reaching in Coalinga than in any other California field owing to the fact that the Agency controls such a large proportion of the output in this field.

Talks On Osteopathy

BY
A. L. HUNT D. O.
OSTEOPATHIC PHYSICIAN

Osteopathy is the science of treating disease without the use of drugs or cutting operations. The Osteopathic colleges maintain an educational standard that is the equal of any of the older medical colleges, and their graduates are capable of handling any and all of the ailments of humanity quite as successfully as any other physicians. I confine my practice mostly to chronic troubles—those that have baffled the skill of the family doctor—cases that he doesn't want; cases that have often been pronounced incurable, such as Palsy, Rheumatism, Lumbago, Chronic Headaches, Spinal and Nervous disorders and hundreds of other diseases that I have not space to name. If you are a sufferer, write or telephone for information regarding your own case, or better still, call and have an examination. Then you will know what I can do for you. Consultation and examination is always free at this office.

INTEREST IS INCREASING IN NEW LOST HILLS PROSPECT FIELD

Many Claims of Government Land Being Made; Rigs Are Being Hauled.

Conservative Oil Men Grow Enthusiastic Over the Showing Made.

The interest in the new prospect field of Lost Hills continues. In fact, every day finds additional claims being made. The prospect field is located on the land adjacent to the discovery well of Martin and Dudley is government land that was not included in the recent withdrawal, and as a result many locations have been made and all of the portable rigs are being hauled to the new field to start drilling immediately for discovery of wells.

The water supply at present comes from the swamp, 10 miles to the nearest point of operation. The Associated Oil Company is making preparations to commence operations and is already unloading pipe for a water line from the swamp to the field.

A local oil man who has just returned from these states that the "Lake" shore well is located on Sec. 20-21-22; that there are at the present time several hundred barrels of oil in the swamp that have been taken from the well by hand pumping; and that the tubing and pumps are now on the way to pump this well in the regular way and give a thorough test.

The oil is now standing within 70 feet of the top of the casing, and a considerable showing of gas is coming from the well. It is believed by conservative oil men who have actually seen the well that it should make a daily production of 50 barrels. The exact length of the well is 630 feet deep, with no surface water encountered. It is believed that the entire territory can be drilled with portable rigs at a very small expense per well.

The Lost Hills are some 27 miles west of Waco on the Santa Fe railway and approaching the field from that side the visitor is easily convinced that the territory is well named, as the hills are hardly noticeable until the highest point is reached, the dip being but 3 per cent, or 10 feet to the mile. The U. S. Geological report gives the depth to the pay sand through this territory as 5000 feet and the outcroppings where numerous gas blowouts are found have been ignored by the great majority of oil men. Gas is frequently found in the pay sand and it can be easily lighted with a match. In the Lakeshore well the gas was encountered at a very shallow depth in sufficient quantities to furnish the necessary fuel for drilling operations. Then came the strata of heavy gravel oil and later a very light greenish oil that is usually encountered at much greater depths in the San Joaquin Valley fields.

Conservative oil men who have spent several days in this field during the last 10 days, consider that the find is without precedent and are very enthusiastic over the showing already made. The anticline is clearly marked for several miles by the low continuous hills south of territory shown as oil bearing in the U. S. Geological survey. Of course, the exact length of the new field can only be measured by actual drilling, but it is confidently believed to extend for miles. The actual width may not exceed 2 miles for the very shallow territory, but it is well within the limits of possibility that the oil can be found at a reasonable depth and in paying quantities over a much wider territory.

The Producers' Transportation line parallels the new field at a distance of 7 miles, and it would require little force to send the oil to this main line.

PIERCE TO LEAVE TODAY FOR COAST

MILLIONAIRE JAPANESE OIL MAN SEES FIELDS

Declares Kern Wells to Be Greatest Producers in the World.

BAKERSFIELD, Oct. 7.—K. Miyajima, millionaire oil operator of the island of Honshu, Japan, accompanied by his secretary, K. Nakano, visited the oil fields last week. He came to California by way of the east, having first toured Europe.

Through his interpreter, Nakano, he said that he had come to this section of the country to compare methods of oil production with those in vogue in his country.

"I have been through the Bakersfield district, have seen the many producing wells, and am pleased to say that they are the greatest in the world," he said.

"The management of the properties in most instances is commendable. In our country there are never as many people in the stock companies as here, they being closed corporations. We are at present importing oil from this country, and it will not be long probably before a regular line of tank steamers for this single purpose is established."

How soon such an action will be taken the Japanese oil operator declined to say definitely. He will leave here Tuesday for San Francisco, there to embark for home.

GIGANTIC RESERVOIR NEARLY ALL EXCAVATED

One Hundred Teams at Work on Big American Property.

BAKERSFIELD, Oct. 7.—The American Oilfields Company has close to 100 teams at work on an immense 5,000,000 earthen reservoir in the heart of its big producing territory in the north end of the No. 2 No. 1 has just been completed at 2221 feet and after being perforated is now being put on the pump. In order to clear the hole of water that seeped in during the drilling. After a short period of pumping a flowing well is expected. The No. 2 well, however, is expected to be a still bigger producer and for several weeks past the gas pressure has been so strong that all drilling operations were suspended at night in order to guard against fire. The Visalia Midway is making preparations for a big production and in addition to a \$60,000 barrel concrete reservoir recently completed, the company is now building a 200,000 barrel reservoir. About thirty teams are at work and the company is running work to complete the reservoir as soon as possible. In addition to this 300,000 barrels of concrete storage, there is about 25,000 barrels of pump holes.

VISALIA MIDWAY TO FINISH SOON

BAKERSFIELD, Oct. 7.—W. R. Stuck of the Visalia Midway, in the upper end of the Midway field, expects a big well in the No. 2 No. 1 has just been completed at 2221 feet and after being perforated is now being put on the pump. In order to clear the hole of water that seeped in during the drilling. After a short period of pumping a flowing well is expected. The No. 2 well, however, is expected to be a still bigger producer and for several weeks past the gas pressure has been so strong that all drilling operations were suspended at night in order to guard against fire. The Visalia Midway is making preparations for a big production and in addition to a \$60,000 barrel concrete reservoir recently completed, the company is now building a 200,000 barrel reservoir. About thirty teams are at work and the company is running work to complete the reservoir as soon as possible. In addition to this 300,000 barrels of concrete storage, there is about 25,000 barrels of pump holes.

BOHEMIAN COMPANY DOWN 3367 FEET

Notwithstanding the fact that indications of oil have been very poor, the Bohemian Oil Company is still proceeding with its well in the Coalinga field and at present reports are to the effect that the prospects are much better than they have been before. The water was completely shut off at 3367 feet with 84-inch casing. The depth of the well on October 1st was 3510 feet with 64-inch casing. The formation of brown shale for the company was expected to reach the oil sand after passing through this. Conditions at the well are encouraging and work is being carried forward toward the completion of the well as rapidly as is consistent with thoroughness and safety.

MAN SEVERELY INJURED WHEN HOSE BURSTS WHILE IN USE

Force of Steam Hurls Victim Twenty-five Feet Into Circulator Sump.

Judge Henry A. Melvin Pays Visit to Coalinga and to Oil Fields.

COALINGA, Oct. 7.—William Richardson, employed on derrick No. 4 on section 18 of the Nevada Petroleum, very narrowly escaped death yesterday when the steam hose, which is connected with the circulator and with which he was working, burst and hurled him from the derrick house into the circulator sump. As a result of the terrible force of the shock Richardson suffered serious and painful injuries.

Richardson was handling the steam hose on which at the time there was over 100 pounds of pressure from the engine. In moving the hose about the base of the derrick house it parted and owing to the terrible pressure from the engine the end of the hose struck him on the head and hurled him into the circulator sump. He was standing on the floor of the derrick.

As he landed in the hole, which was partly filled with water, his head struck the circulator box with such force as to split his scalp nearly from ear to ear, leaving a gash over eight inches long and exposing the skull.

The injured man was immediately recovered from the water by his friends. The doctors' examination revealed the wound in the top of the head, Richardson's head was only a scalp wound and that the skull was not fractured or injured in any way. The man's face, where the end of the hose struck him, was a pitiable sight, as his nose was smashed and a portion of the ribs were also broken.

As soon as the wounds were dressed Richardson was removed to the San Joaquin hospital, where more time was spent by the physicians on his face and scalp wounds.

Henry A. Melvin, Republican nominee for justice of the Supreme Court, accompanied by Parker S. Madge, arrived in Coalinga at 8:30 last night in an automobile. The party was not in the city until this evening, for which some of the local Elks had prepared a reception. As soon as their arrival was made known, however, members of the local board of the Elks, who had sent out a delegation of seven to sound up other members and local Republicans. They gathered at the Sullivan grill, where a light supper was served, and where Mr. Melvin was a guest of honor.

This morning a number of friends and supporters of Judge Melvin gathered around him and introduced him to a large number of the Coalinga people. At 11 o'clock he and Mr. Madge were taken on a trip through the oil fields, and wound up at the M. K. and T. property for lunch with Colonel Be Long. The party then left for Hanford, where they will visit this afternoon, and go to Bakersfield tonight or early tomorrow morning.

The address of the death of Mrs. Robert Shaw, mother of A. L. and A. B. Shaw, proprietors of the Oil Record, was received in this city from Hollister late this afternoon. The Shaw family and Mrs. A. B. Shaw left on the 5:30 train this evening for Hollister to attend the funeral, which is to take place Monday.

Mrs. Robert Shaw was 51 years of age and was a pioneer of Hollister. She leaves to mourn a dear husband and five grown children.

"NATIVE SONS" TO HOLD BIG BENEFIT THIS EVENING

"Homeless Children" Day to Be Observed by Order at Empire.

All Interested in Cause Urged to Buy Tickets to Entertainment.

Representatives of Parlor No. 25 of the Native Sons, Fresno parlor, are anxious to have the public know that tickets for the big benefit tonight, at the Empire may be obtained from the box office of the theater. Tickets are 25 cents and 50 cents, and may be exchanged at the box office for reserved seats. The proceeds of the performance are to go to the "Homeless Children" fund of the order, as well as the Native Sons, in their present work but also will aid in the building of the orphanage planned by the Native Sons and Daughters. October 8th is being observed all over the state by these two orders for the same purpose.

The best of local talent, including an orchestra, Mrs. Kiekas, Miss Myrtle Witham, and Miss Gladys Noonan, has been obtained. In addition, The Mersey Quartet, presented by the Spaulding Musical company, an organization that has won great popularity here in its present engagement.

All those who desire to see a good program as well as take part in a good cause are urged to attend the performance tonight at the Empire theater. W. T. Mattingly and a large committee are working for the success of the occasion.

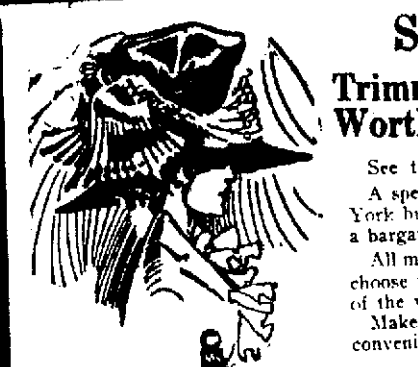

Steps also will be taken tonight toward the organization of a parlor of the Native Sons in Fresno. Mrs. Ed Victor is in charge of this work.

EMPLOY NEW TEACHER FOR HIGH OF SELMA

Strong Sentiment Reported for Adequate New Building.

SELMA, Oct. 7.—The attendance at the Selma high school has so far exceeded the highest expectations that it has already been found necessary to add a new teacher.

Miss Sarah G. Shuster of Santa Barbara, recently from Santa Wia, has been selected to take the new position, and assumed her duties yesterday. She comes from the Wisconsin University and is highly recommended. She will have as her principal subjects English and commercial arithmetic, as these are particularly overcrowded.

Each day makes the need of a more commodious and modern school apparent, as the present overcrowded condition makes it hard for teachers and pupils, and retards the progress of the school. General sentiment is in favor of these improvements, and it is confidently believed that if the high school trustees ask the school patrons to endorse a bond issue for a proper building it will be readily favored.

The city trustees are smiling these days. They notice A. P. trains run through Selma, for they have lately had a letter from Southern Pacific officials stating that trains do not go through town fast enough to hurt anybody. The letter is in answer to an official request that the company place a speed limit on the Selma. Officials of the railroad are aware of Selma's eight-hour speed law, which prohibits trains from exceeding that rate, but it looks as if the engineers of all through trains never heard of it.

Officials of the railroad company have asked for a conference with the trustees to discuss the matter, and a meeting is soon to be arranged.

Fire threatened the Griffin hotel for a few minutes this morning when a pan of grease on the kitchen stove caught fire, and communicated flames to the wall and ceiling. Prompt and efficient work by the kitchen help and guests from the dining room extinguished the blaze before it did serious injury and before a fire alarm was turned in.

E. A. Porter and wife have returned from a three month trip in Oregon and Washington.

The Selma orchestra and Selma glee club went to Lorton last night and report an enthusiastic rally for Alexander Sims. The musicians will go to a rally in Fowler next Saturday night. A Mrs. H. Kidwell, who now resides in Mariposa, is here visiting with friends.

J. C. Handley, Ray Holton, the Shan non brothers and J. M. Montgomery, are on a hunting trip above North Fork.

Small Depositors

There are several reasons why the management of the Farmers' National Bank welcome small depositors and consider it a matter of good business policy to give equal attention to small and large accounts.

In the first place, most of our large depositors started as small depositors. We have had the pleasure of seeing many accounts grow steadily over a period of years and are glad to say that we have helped our customers to increase their business and deposits.

So far as the bank is concerned, it is just as satisfactory to have several small accounts aggregating the same as one larger one, because, although there is three times the book-keeping involved, that is more than offset by the possibilities of development of three different accounts, besides the advertising value to the bank of three satisfied customers.

This bank's capital, surplus and profits of over \$400,000, its very complete equipment and strong personnel make it the ideal depository for small depositors who expect to be bigger ones.

The officers will be glad to talk over banking relations with you at any time and pledge themselves to serve your interests faithfully when you intrust your business to this bank.

ANOTHER BIG DAY AT FRESNO FAIR.

SIX THOUSAND PASS THROUGH GATES

Children's Day Today; Annual "Show" Will Close at 10 O'clock Tonight; Sanger and Reedley Hold Forth During Fifth Day; Fireworks.

With a gorgeous and spectacular display of pyrotechnics as a fitting climax to a day of music and bustle on all sides, the fifth day of the Fresno Fair came to an end at 10 o'clock last night. This morning at 10 o'clock the "big show" entered upon its sixth and last day. At 10 o'clock tonight the three gates at the fair grounds will close with a click and the most successful county fair in the history of the San Joaquin valley will be a thing of the past.

Judging from the large attendance of the first five days, today's crowd will total ten thousand, establishing a record that has never been equaled in this section of the state. Those in charge of the fair assert that it will be a conservative estimate to place the week's attendance at 50,000. This total outnumbers all previous records for seven days by 35,000.

The present fair will go down in history as the best and biggest show of its kind ever held in California. More special features were crowded into one week than anyone connected with the association could conceive before the gates opened last Monday morning. Now that the annual "show" is about over and all previous records have been shattered, the management is already making arrangements for the October fair of 1911. It is hoped to make the next fair better than the present one, but this will be a difficult undertaking and no one realizes it more thoroughly than those who promoted and carried out the fair of 1910.

SIX THOUSAND IN GROUND.
Yesterday's attendance was 6,000, that number passing through the three big gates between 10 a. m. and 9 p. m. The crowd was the equal of that of Tuesday, the second day of the fair. Shortly before the noon hour, two special trains pulled into the Southern Pacific depot from Reedley and Sanger. Both trains were loaded to the gunwales with gay ribbons, garlands, and wearing smiles of happiness, the visitors wended their way to the fair grounds, where they held full sway during the afternoon.

It is estimated that approximately 10,000 residents of Sanger and Reedley invaded the county seat. The Sanger people were proud because of the fact that their town exhibit captured the red ribbon, or second prize, among the many displays on the second floor of the big pavilion. The Sanger booth at was jammed from noon till late at night with proud, happy people. A great deal of favorable comment.

HORSE PARADE A FEATURE.
The opening feature of the day's program was a horse parade in front

banner. The crowd cheered itself hoarse.

REEDLEY BAND ATTENDS.

Accompanying the Reedley delegation was the brass band of the enterprising town. During the races the visiting musicians shared honors with the band of this city. Some of the visitors returned to their homes last evening at 6:30, but the majority remained for the fireworks display.

Only one accident occurred to mar the day. In the relay race for cow-boys one of the entries fell from his horse as she dashed across the line in second place. The rider pulled rein on her horse and quickly after crossing the wire and the animal whirled, going in one direction and the rider in another. Several of the cowboys rushed to her assistance and carried her to a tent nearby, where she was attended by a doctor.

The display of fireworks last night the exhibitors in the pavilion were delighted. The people made a rush for the building and exhibits were inspected until the closing hour of the show.

CHERRY DAY TODAY.

There has been set aside as children's day, and all under 16 years of age will be admitted free of charge at the regular gates. All over that age must pay the regular admission fee.

The offer of free admission to children is in effect until 10 o'clock.

OAKLAND BOOSTERS HERE.

A carload of Oakland people shared honors with the visitors from Sanger and Reedley. The Oakland "boosters" arrived in a special car early this morning and immediately set to work making themselves conspicuous by forming in line and marching through the business section of the city. At noon the "boosters" went to the fair grounds, where they were very much in evidence. Each of the Oaklanders wore a ribbon. The various exhibits came in for a great deal of praise. One of the boosters stated that it was the best and biggest county fair he had ever attended.

MORE BLUE RIBBONS.

Yesterday afternoon the following prizes were awarded to exhibitors in Machinery building:

Silver loving cup and diploma to Morton Gas Engine company for best display of pumping plants.

Blue ribbon to Fairbanks-Morse company for best exhibit of engines.

Red ribbon, second prize, to Fairbanks-Morse company for best exhibit of engines.

White ribbon, third prize, to Barrett-Hicks & Co. on engines.

Diploma and blue ribbon to Great American Woodchoppers for best display of woodchopping machine.

EXHIBIT OF PUMPING PLANTS FINE FEATURE.

Crowds Throng About Cement "Ditch" Daily at the Fresno Fair.

From a spectacular standpoint the pumping plants unquestionably take first rank at the Fresno fair.

Last year there weren't one of these plants on exhibition. The year before there was but one.

This year the Fresno fair directors were compelled to go to the expense of nearly \$1000 in order to give space to the various pumping plants that demanded space for exhibit.

The exhibit is a remarkable one of the "going some," and it is a "going some" for the man or woman who is interested in pumping plants has certainly had the best chance of his or her life to see the various pumping plants on the market in full operation.

What in the world are these big streams of water? can be heard almost every minute from those who attend the Fresno fair.

"They are pumping plants, used for irrigating our desert lands," says the man in charge, and then the common expression, "Well, that beats anything I ever saw!"

And well it may, when it is considered that some of these plants throw an 8-inch stream of water, and throw it so far that one of these plants ran for half water enough to irrigate any ordinary ranch.

Indeed, the different plants are so arranged that one must simply exercise his own judgment in selecting the pumping outfit for irrigation purposes.

Among those on exhibit are: Donnell-Zimons, Airmotor, the only one on exhibition. This is a study within itself, for if you haven't the gas you can always use the wind. Others are the Archibald Implement Company, Fairbanks-Morse Company, Fresno Agricultural Company and Morton Gas Company.

This splendid exhibit, which is wholly "out in the open" is absolutely one of the finest and most instructive exhibits at the fair. And as evidence of this it is necessary to say that the entire space allotted to the pumping plants was taken several weeks before the fair opened. Indeed, the directors went to the extra expense of nearly a thousand dollars in order to construct a tank 75x50 feet.

The pumping plant display is certainly a winner, one of the really great features of the fair.

BEES, HONEY, BEESWAX, ETC.

Specimens of extracted honey in cans, jars and bottles; specimens of mountain sage, clover, orange and alfalfa honey; displays of comb honey and beeswax and fine collections of Italian, Black, Carniolan, Caucasian and Syrian bees, including bee enemies and queen bees, form a very interesting exhibit in the pavilion. In the same exhibit are also specimens of honey-producing plants and all appliances used in the bee business.

The honors, consisting of money, prizes and premiums, were about evenly divided among the exhibitors, who were Mr. and Mrs. W. F. Montoya, G. A. Farris, M. H. Madary and A. Christman.

PARENTS INVESTIGATE DEATH OF SON AND OFFER REWARD.

RENO, Nev., Oct. 7.—Following the personal investigation of the premises near the spot where Burke Monroe of Quincy, Ill., was found dead a few days ago, the parents of the young man offered a reward of \$500 today for information that would lead to the capture of his murderer or murderers.

Mr. and Mrs. Monroe found that the body of their son had been dragged a considerable distance and placed in a sitting position, facing between two trees. A pistol had been placed across the young man's knees.

DRINKS; SHOOT SISTER-IN-LAW.

OAKLAND, Oct. 7.—Enraged through jealousy and drink, Abraham Kafoury, a Syrian and an ex-convict, shot his sister-in-law, Mrs. Mary Kafoury, at a hotel here this morning. He fired three shots at the woman, one of the bullets taking effect in her right thigh. She will recover.

Peter E. Kafoury, the husband, is employed as a painter by the Southern Pacific railroad.

The man underwent a long term of one in San Quentin for stabbing a man in Colusa county.

AVOID POLITICS AT FAIR MEETING

Cowell Is Not in Race for Congress, Declares Socialist.

Congressional-Socialist Day at the county fair yesterday well deserved the title given it by the management of the fair for it is the first time candidates for Congress and the State Senate were present in the afternoon to make brief talks to the people. Those who were present and spoke were Congressman Neelham, A. L. Cowell, the Democratic candidate for Congress, and W. M. Coward, the Socialist candidate for Congress. A. M. Drew, the Republican candidate for the State Senate, and George W. Cartwright, the present state senator and candidate for re-election.

By a tacit agreement between the Republican and Democratic candidates, it was decided that politics would not be discussed and as a consequence, W. M. Coward was the only man who made a political speech.

In the course of Coward's talk, which was devoted mainly to Socialist issues, he made the announcement that A. L. Cowell, the Democratic candidate, had no chance whatever for election. The night he said, lay between Neelham and himself.

James C. Neelham was the next to address the audience. He spoke for about ten minutes, during which time he stated that he was heartily in favor of county and district fairs where the products of a section could be displayed. He also stated that he had a new type of dairy cow and a new type of horse would be developed in the San Joaquin valley which would make this valley famous. In the course of his remarks he took occasion to congratulate the management of the fair on their ability to conduct a county fair without having any gambling and on their ability to show others that a fair can be made a success without gambling.

A. L. Cowell continued the idea expressed by Neelham regarding taxes by stating that he believed a new type of dairy cow would be developed in the San Joaquin valley. In order to accomplish this and to prepare properly for those who are to come after, he declared that the natural resources of the valley must be considered. W. M. Coward followed Cowell with a lengthy address on Socialism, giving a lengthy address on Socialism, giving a lengthy address on Socialism, giving a lengthy address on Socialism.

George W. Cartwright concluded the speaking by stating that he was heartily in favor of the sentiments expressed by Drew and Cartwright on the management of the fair on its success. He also stated that he would voice their approval of a measure providing for the establishment of district fairs.

PULLING CONTEST AT FAIR GROUNDS TODAY.

Four Two-Horse Teams Entered in Unique Test of Horse Flesh.

At 2 o'clock this afternoon a novel pulling contest will be held at the fair grounds between two four-horse teams. J. E. Dickenson, one of the directors of the Fresno fair, is the originator of the strength contest. Mr. Dickenson is an ardent admirer of horseflesh and he has formulated plans to give the public something out of the ordinary in the way of testing the strength of horses. The entries on Thompson Bros., Hobbs-Pearsons company, and Kutner-Transfer company.

Director Dickenson refuses to give out the details of his strength test, but he says it is something new and interesting. Each of the four entrants will furnish a team of two horses. The unique contest will take place promptly at 2 o'clock in front of the grandstand. In the event of a tie, the pulling game between the high school teams of Fresno and Visalia will start at 3 o'clock.

BARBER CUTS ARTERIES; DIES.

SAN DIEGO, Oct. 7.—Peter Corsia, a barber, aged 66 years, was found dead in his little place of business at Pacific Beach, a suburb, this morning at 2 o'clock. He had been lying down about two hours.

A police officer, while he was cutting the arteries in his wrist with a razor. Although the reason for his act is unknown it is believed to have resulted from despondency. An inquest will be conducted this afternoon. He left no relatives as far as known.

BODY IN ESTUARY.

OAKLAND, Oct. 7.—The body of a man supposed to be that of James T. Foley of San Francisco, was found floating in the estuary this morning by a fisherman.

The remains were that of a person about 45 years old, 5 feet 8 inches in height, weighing 160 pounds, and dressed in a dark brown suit of clothes. In the pockets was found a letter signed S. T. Torrell, 945 Thirtieth street.

CHARGES SWINDLE.

DESS MOINES, Iowa, Oct. 7.—"Professor" G. G. Weigand, a spiritualist, and Mrs. Nancy McDowell, a well-known resident of Des Moines today, arrested on a federal warrant today, charged with extorting \$1,000 from Mrs. A. J. Cross, aged 84, of Shelton, Neb. The complaint avers that the spiritualist and Mrs. McDowell represented that Mrs. McDowell had been left a fortune in England and induced Mrs. Cross to furnish money with which to engage an English baronet.

MINE CAMP BURNS.

TRINIDAD, Colo., Oct. 7.—Delegua, one of the largest of the Victor American Fuel company's camps in Las Animas county, was swept by fire today, entailing a loss of more than \$200,000. The fire will be up operations in the camp for several months. No one was hurt. Practically all of the mine's buildings, including the warehouse and mine tipples, were destroyed.

SHERMAN WILL EAT WITH SEN. LORIMER

CHICAGO, Oct. 7.—Vice-President Sherman and United States Senator Lorimer will sit at the same banquet table here on October 12, when Loyal Knights of Columbus will celebrate Columbus Day. The feast will be spread in the gold room of the hotel, where the Loyal Knights club dinner took place some weeks ago, and Theodore Roosevelt declined to attend unless the club's invitation to Lorimer was withdrawn. Mr. Sherman's acceptance was received yesterday.

NEGRO HACK DRIVER MONTGOMERY MOB'S VICTIM

MONTGOMERY, Ala., Oct. 7.—Sitting upright in his back, but dead from a bullet wound in his heart, John Bell, a negro hackman of the city, was discovered early today. His death at the hands of the mob is the only tangible sign of the fury of the white men who last night attempted to storm the jail and lynch John Adams, a negro.

HEALTH OFFICER TO BE ALLOWED ASSISTANT

Dr. Grace Hopkins Will Give Up Position as City Bacteriologist.

The city board of health will at its meeting next week appoint an assistant to City Health Officer Aiken to receive a monthly salary of \$100. Who the appointee will be is not given out. The prospective appointee is not lacking in qualifications. Dr. Grace Hopkins, who has been generally to assist the health officer in the sanitary work of the city, but more especially to be prepared to answer emergency hospital calls and to attend to the sanitary and medical examinations in the public schools, taking up the work which was inaugurated by Dr. H. J. Craycroft when he was the assistant.

The assistant will be authorized to the further understanding that the bacteriological work required by the health board shall be done without extra charge as between the health officers and with that purpose in view the bacteriological work at a monthly compensation of \$25, will resign her office. She has on several occasions expressed a readiness to give up the position.

The board of health as well as the city board of education is desirous of improving the sanitary conditions in the public schools and the appointment of the assistant will involve a weekly inspection of the schools and individual examination of pupils, a work which the health officer maintains he cannot undertake with any hope of success because of the many other duties incumbent upon him as health officer.

In point of fact the office of assistant is not one authorized under the charter. As regards bacteriological work much of it in the county has been taken up by the biological sub-station maintained in the Ederly building by the state board of health.

STRYCHNINE IN WHISKY.

SOLOMON, Kans., Oct. 7.—Harvey Bannett, a leading merchant here, died of strychnine poisoning last night, twenty minutes after he had taken a drink of whisky for stomach trouble. It is not known how the poison got into the whisky.

Barrett-Hicks Co. 1035 I Street

ROOSEVELT OUT FOR JOHNSON

(Continued from Page 1.)
do not intend to do anything but go backward. They do not stand still. As a people, we can help ourselves. Our citizenship is not only by usefulness and achievement, but by applying to the old motto that enabled our fathers in their days to achieve success for our common land. Instruments change. Take an example from the army. The men who fought in the Civil War fought shoulder to shoulder with muskets and bayonets. Our army today uses repeating rifles. It is folly, it would be rank folly today, to decline to adopt new weapons because the old ones did well in the days of Grant and Lee.

FOR FINE NAVY.
There are two lessons from that. In the first place, the folly of refusing to adopt new experiments in order to solve the new problems, and next, to remember that while the methods must be different, the spirit must be the same.

It is not necessary for us to have a big army, but we must have a big navy. I am a profound believer in peace, and I want to see a navy kept up because a stronger desire on the part of other people to keep at peace with us.

"Speak softly and carry a big stick. There are two sides of that. Always be cheerful. Remember it is the sign of a weak and foolish nature to insult anyone else. Speak softly, but have the use of a big stick always ready."

"Now, friends, what I have said of the army applies in civil life. On the one hand we cannot solve our governmental problems of today unless we approach them in the spirit of hand, it is simply folly to reject methods of government because they were not known to our forefathers. For instance, you will meet worthy persons who object to the national government taking control of interstate business because they say it is a new thing. So is the repeating rifle a new thing."

MORE POWER NEEDED.
"Now in the same way, the government must increase its power—its power of control—over the possible use of wealth in large aggregations. Continually, my friends, people say that I attack corporations when I speak as I am now speaking. For the thousandth time I will say that I am not attacking corporations. I

am only saying that they have to be honestly managed.
"The little man can safely be left to be dealt with by his neighbors, whereas, the big man is the neighbor of all of us.
In the case of that man who has to invoke the help of some bigger man and that is Uncle Sam.
Colonel Roosevelt's next stop will be Rome, Italy, where he is due at 9 a. m. tomorrow. He will remain there until 1:30 p. m., when he will go on to Atlanta.

FUND FOR RELIEF OF FAMILIES OF TIMES' DEAD IS GROWING

(Continued from Page 1.)
that the launch was proceeding in the direction of Martinez when he saw it. It is the theory of the launch that the dynamite was exploded at Martinez and took the train there for San Francisco. It is believed by Martinez that some of the dynamite is hidden in the ruins near Martinez, and at his request Sheriff Veale and a posse will search the marshes there for it.

GET NEW CLUE.
OAKLAND, Oct. 7.—A new clue was added to the mystery surrounding the sinking of the gasoline schooner Kate from San Francisco on September 24, when the launch in Oakland harbor of the tug Northern Light, which is stated by Captain E. J. Emerick to have met the Kate about 11 o'clock Saturday morning, September 24, in Drake Bay, at which time a man gave him his name as Biscoe, was put aboard from the Northern Light, after which the schooner sailed from the bay, on a fishing trip, and was bound for San Pedro.

It seems that on September 17 a Captain Osterhouse approached Captain Emerick and told him that he had a couple of sports friends who had come to the Kate from San Pedro and that they desired to hire a launch or tug for a short time to take them up on the coast in a pleasure trip, as they did not want to remain in San Francisco for the reason that it would cost them too much.

Sept. 28, Captain Emerick crossed to the Union Oil Company's dock, where the Kate was lying, and took Biscoe aboard, the other man saying that he would have to stay and watch the Kate. Emerick was assured that he would receive the same price for one as for two and, taking Captain Osterhouse as pilot, they left for Point Reyes at 10 o'clock.

BRAGA NOTIFIES POWERS OF NEW GOVERNMENT

(Continued from Page 1.)
ment and have assumed the responsibility for the overthrow of the monarchy.

Of the eight men, the most widely known outside of Portugal are distinguished scholars and teachers. These are President Theophile Braga, professor of Portuguese literature at the University of Coimbra, and Dr. Alfonso Costa of the University of Coimbra, the minister of justice.

President Braga has written much on the subject of sociology and political economy, and he has published several volumes of poetry and has great ability as an orator. His political career has been comparatively brief, but he has preached republicanism for thirty-five years.

He attracted much attention in the summer of 1903 when he accepted the monarchist party of having assassinated King Carlos, a republican leader, and the monarchist party of having assassinated King Carlos, a republican leader, and the monarchist party of having assassinated King Carlos, a republican leader.

PROSPECTIVE PRESIDENT.
Portuguese Minister Machado has for years been described as the first president of the predicted republic, and is considered by all the republican leaders of the country as the strongest and his influence is great. He, too, is a brilliant speaker.

In January, 1906, he was accused of conspiracy against the crown, but the accusations were never proved. In 1908, he denied any condition with the assassinations of that year, but said that the general horror felt over the assassinations would die out and that the monarchy would return.

Minister of Justice Costa is perhaps the most militant member of the new government. He has openly worked for overthrow of the monarchy. A year ago he was turned out of the Cortes for an attack on the extravagance of the royal family. After the August elections, he declared that the monarchy was doomed, and boldly advised King Manuel to abdicate. His followers to a great extent are among the lower classes with whom he long has exerted a powerful influence.

Others of the government have attracted less attention outside of Portugal, but long have been leaders in the republican party and each has

a considerable following.
ROYALTY TO FRANCE.
MADRID, Oct. 7.—Premier Canalejas received reports today that is the intention of the Portuguese royal family to go to France to a chateau owned by the Duke of Orleans, or to the Countess of Paris, the palace of Villamagna, a castle.
Government advisers from Lisbon say the Jesuits made a most desperate defense of their monastery. They stationed themselves in the windows and tried on the advancing revolutionaries, killing a soldier and a civilian. The wider element with difficulty were restrained from burning it. The building was not damaged.

The advisers add that the twenty-four hours granted the royalists in which to swear allegiance to the new regime expired today. A majority of the officers joined the revolutionists while others surrendered their arms and disappeared.

SALUTE TO ROYALTY.
LISBON, Oct. 7.—The American cruiser Des Moines and the British fleet with ships dressed and flying the Portuguese flag at the mainmast, fired a royal salute today in honor of the members of the Portuguese royal family, who have found refuge here.

A royal salute was fired also by the British battery.
The royal family remained today on the royal yacht Amelie from the mainmast of which flew a white barge with a green cross. Last night's report that King Manuel and the queen mother came ashore and were driven to the summer residence of the governor is incorrect.

The Amelie, with the king, the queen mother, the dowager Queen Maria Pia and Prince Alfonso, the Duke of Oporto on board, dropped anchor in the harbor at 11 o'clock last night. According to her observer, she actually grunted her teeth and threatened vengeance on the revolutionists when the royal family returned to the throne.

FLIGHT OF FAMILY.
LISBON, Oct. 7.—The Capital, a republican newspaper, gives the following description of the flight of the royal family: "Between 5 and 6 o'clock Wednesday morning, the Duke of Oporto embarked on the yacht Amelie and sailed for Evreira (a fishing town on the Atlantic coast, twenty-two miles northwest of Lisbon)."

"At the same time, the Queen Mother Amelie left Clutra by automobile for Mafra. She was followed an hour later by the Dowager Queen

Maria Pia. King Manuel, after escaping by a rear door of the palace, in the course of the bombardment, went to Cintra and thence to Mafra.
"At 10 o'clock, the royal yacht arrived at Evreira. In the meantime the minister of foreign affairs, the newly constituted provisional government of Portugal, in which the republican leader sets forth the purposes and aims of the present administration.
"Senhor Machado, who speaks at the behalf of and for Theophile Braga, the provisional president of the new republic, cabled as follows:
"The republic of Portugal has been proclaimed by the army, the navy and the people of order is completely assured. There is general adherence to the government in the provinces.
"The provisional government has before it a great duty involving much work. It has, in effect, a country to make over. Concerning other programs, I can say that we will endeavor to put into operation the program of the republican party. This includes a policy of recent realization both in the local administration and of the government of the colonies.
"The financial budget is to be equalized in the general interest of the country and it will be made up with honesty and fairness. The national wealth will be developed.
"All national alliances now existing will be respected and friendly relations with all other states are desired.
"Freedom of the press will be

OPORTO WEEPS.
According to one person who said he witnessed the embarkation of the Duke of Oporto, the Duke of Oporto boarded the royal yacht at Cascaes weeping and said he dreaded leaving his beloved country. He complained that the downfall of the monarchy was due wholly to the fatal influence of his sister-in-law, the queen mother, and added that he found it impossible to give his nephew, the king, liberal counsel.

The narrator said that when King Manuel and his mother boarded the yacht, the king was plainly glad at having escaped. Before leaving, he shook hands with fisher folk and appeared to be moved by their devotion.

The queen mother, however, was described as being in a state of fury. According to her observer, she actually grunted her teeth and threatened vengeance on the revolutionists when the royal family returned to the throne.

FLIGHT OF FAMILY.

FOR BROAD EDUCATION.
assured and all star chamber methods and opportunistic laws will be abolished. Public instruction will be completely reorganized, relieved from religious control, and the religious congregations will be suppressed. The plan is for the establishment of a broad system of public instruction, both primary and advanced, under government endowment.
"The reorganization of the army and navy, whose patriotic services have been beyond all praise, will be proceeded with. The government has proud respect for public opinion and it approaches its task with a high resolve to perform its duties with unflinching honesty. Its wish is to serve the best interests of the country.
"The foregoing sets forth in a few words the purposes, the aims and the earnest endeavors in these moments of anxious labor of the members of the provisional government of Portugal.
"I send the above at the request of the president of the provisional government, Theophile Braga.
(Signed)
"BERNARDO MACHADO,
"Minister of Foreign Affairs."

POSTER WEEK--FREE, a beautiful poster to all young folks who call at our Juvenile Store this week
That you see advertised in the Saturday Evening Post.

Young Men This Is the Age of Distinctive Clothes Wear Those Made by Young Men's Experts

MOST all clothes makers and retail stores boast of the perfect fit, splendid materials and wonderful tailoring of the clothes they make and sell.

Young men, these are mere details. There are set rules that all good makers know and observe in making a garment fit and tailoring it right. All use materials of equal worth, woollens from the same mills. In these details the clothing that many good makers produce is equally perfect.

But when it comes to style, smartness, individuality, no two makers are equal. There are no set rules or laws for making distinctive clothes. Few makers know how to give these qualities expression.

Decide Now on Ederheimer-Stein Young Men's Clothes

See Our New Fall Styles in Smart Young Men's Suits

Here you find the very latest ideas in style from the Young Man's point of view. Here are all the newest fall shades and richest fabrics. Makes no difference if you are partial to browns, tans, grays or fancy blues; we have the patterns to please you.

Remember these clothes are made altogether for Young Men by makers whose specialty is clothes for Young Men.

It is the policy of this store to give our customers the best always.

Get This Great Football Poster Free at Our Store

October 8th to 15th is "Poster Week" at our store, an event of great interest to all Young Men interested in the collection of choice art posters.

By special arrangements with Ederheimer, Stein & Co. we have secured a limited number of these posters, reproduced in six colors from a painting by the artist McFall. They are 18x26 inches. Full of life, action and interest.

REPUBLICANS TO BEGIN CAMPAIGN IN OIL CITY TONIGHT

Rousing Meeting Planned;
County Candidates to Be
Present.

Announcement of Meetings
for Coming Week Is
Formally Made.

Arrangements for the big Republican meeting to be held in Coalinga tonight are all completed and the local county committee has received assurances that this meeting, marking the opening of the Republican county campaign, will be a big success. The meeting has been widely advertised in Coalinga through the Coalinga Republican club and a record-breaking audience is expected to be in attendance. The Coalinga band will be in attendance and among other features will be several campaign songs by the city of Coalinga. The city of Coalinga will accompany the Republicans to all their county meetings during the campaign.

The following is the schedule of meetings to be held in this county by the Republican County Central committee and the speakers for each meeting:

Tuesday—Kingsburg. A. M. Drew, W. F. Chandler and the county candidates.

Wednesday—Sanger. A. M. Drew, W. F. Chandler and the county candidates.

Thursday—Fowler. A. M. Drew, W. F. Chandler and the county candidates.

Friday—No meeting scheduled.

Saturday—Selma. A. M. Drew, W. F. Chandler, W. A. Sutherland and the county candidates.

COMES TO CONTEST CASE, LEAVES WITH DECREE OF DIVORCE

Simon Henry Case Is Set
for Perfunctory New
Trial After Appeal.

Jim Marony in No Hurry to
Have Life Sentence
Pronounced.

Brakeman Charles Thomas Jones of the South-Pacific did not appear yesterday before Judge A. H. Smith to support his application for a divorce from May Jones because of alleged desertion. In April, 1909, they married in San Francisco in March, 1908. Mrs. Jones was on hand though to press her demand for a separation on the grounds of his cruel and inhuman treatment and was awarded the custody of the child, an order for \$50 attorney's fees and \$25 alimony. The attorney admitted that while the alimony order would look well and promising on the records, as a matter of fact, it could not be enforced. Mrs. Jones had a strenuous married life, and her complaint is filled with quoted indecent language and epithets which she swore he addressed to her in any and all occasions, describing him as a man of jealous and violent temper and one who was addicted to the use of profanity to make his natural disposition the more unbearable. Specifications with times and places were numerous, commencing with the first of the 23rd day after the wedding and on a train, when he publicly and abusively accused her of flirting with the peanut butcher on the train. Mrs. Jones concluded that the peanut butcher might have smiled at her and that she returned the compliment to herself with a smile. Two days later he falsely accused her of climbing out of the window at home in her anxiety to run after him.

Less than a month after the marriage, while traveling to Venice, he struck her in the side on the train and took away her watch and chain. In November he remained away one week in a state of intoxication and was not sober when he came home. In January last he came home and with influence of liquor struck her clean across the room; in May last he again made his appearance drunk and on all these occasions, in making accusations against her, he accompanied them by such vile language that she left him. Then it was that he sued her for the divorce that he did not appear yesterday to prosecute.

FOR PROMOTION WORK.
Judge Church tried yesterday and took under advisement the case of E. L. Sadler against C. T. Grundy. The defendant is a railroad employee who took up oil land in the Coalinga field, and Sadler bases his claim on a contract for services for four months in 1908 in promoting the organization and selling stock of the C. T. Grundy Oil Company. Grundy denies any agreement other than the general one that every one interested in the enterprise was under a resolution to receive 20 per cent commission for any stock sold, and that as best Sadler never sold more than \$50 worth of stock and some of this had to be returned under attachment. Grundy asks in turn for a judgment for \$200 for money advanced. Sadler was brought into the enterprise through the intermediation of the house in which Grundy lodged at the time, she being the sister of Mrs. Sadler. T. E. Collins was interested also in the enterprise and was treasurer of the company. The case is complicated by the contradictory evidence of the promoters and stock selling agreements.

SIMON HENRY CASE.
The many times written up case of Simon Henry, pioneer of the days of Millerton, against the United Building and Loan Association for foreclosure on property adjoining the Emerson school was set for hearing before Judge Austin for the 18th of next month on the new trial granted on appeal. It is doubtful whether the trial will be more than a perfunctory proceeding, because on appeal the law applicable to the case has been laid down.

and under the facts the judgment will necessarily be for the defendant. The case was for a cancellation of a mortgage and loan agreement, aggregating \$10,000, made by the defendant in the end more than the face figure of the original loan. The cancellation was sought on alleged false representations made to induce making the mortgage loan.

DESERTED IN GEORGIA.
William Jones was divorced by Judge Church from Susan Decker because of her desertion in June, 1902, when she returned home to Woodstock, Georgia, at his place and never since had been to come back. The Deftors are Georgia natives, and he testified that when she left she took with her the oldest child and since going away has given birth to another. These children he had seen, now 10 and 8 years. In fact, he testified that he has on hearsay that a son has remained with the defendant of a divorce under the Georgia marriage in 1902. Deftors are of the negro colony of farm, near Fowler.

FACES LIFE IMPRISONMENT.
The pronouncing of sentence upon Jim Marony, who pleaded guilty to the murder of Cassius Tompkins on the 15th of last July, was postponed yesterday by Judge Austin until next Wednesday, when also the degree of the crime will be determined from the evidence to be adduced by the district attorney, inasmuch as the prisoner faces a life imprisonment sentence. It probably does not matter to him whether his doom has been pronounced a week earlier or later.

COURT NOTES.
Judge Austin postponed until the 15th the hearing on the motion for an injunction in the case of the Western Pipe and Steel Works against W. J. O'Brien and others of the Council of Metal Workers in Los Angeles to force their picket and boycott tactics in connection with the labor trouble in Coalinga.

Legacies under the will of Benjamin Prather have been asked a partial distribution of the estate, appraised at \$10,244, with debts and charges not exceeding \$1000. The distribution is as to \$5000 cash and notes readily collectible amounting to \$2345.

Default judgment was taken in the suit of J. C. and Thora Christensen against Jose and Helena M. Jansen for restitution of premises for nonpayment of three months rent of the upper flat at 1732 J street at \$25 per month.

NEEDHAM ARRANGES MEETINGS IN COUNTY

Congressman to Be Here on
19th, 20th, 21st and 22nd
of This Month.

James C. Needham, congressman from the Sixth district and Republican candidate for re-election, will hold seven meetings in Fresno county on the 19th, 20th, 21st and 22nd of this month, according to an announcement made yesterday.

Needham will speak at Fowler on the afternoon of the 19th and will address the voters of Clovis on the evening of the same day.

On Tuesday, the 20th, he will speak in the afternoon at Laton and in the evening at Sanger.

Congressman Needham will visit Kingsburg on Wednesday, the 21st, speaking there in the afternoon and at Selma in the evening.

He will make but one address on Thursday and that will be at Coalinga in the evening.

THE NEW YORK TRADE REVIEW

NEW YORK, Oct. 7.—Bradstreet's tomorrow will say:

Improvement rather than enlargement in general demand is the notable feature of the week. Free marketing of crops and good crop reports have helped sentiment but political uncertainties have offset demand.

In one line, however, that of cotton manufacturing, great curtailment, an absence of any apparent weight of stocks and higher prices for raw material, caused by official reports of crop deterioration in September, have made buyers more eager for some line of fabrics. The market for some line of fabrics, collections as a whole are fair to good. Business failures in the United States for the week ending October 6 were 123, against 211 last week; 222 in the like week of 1909; 226 in 1908; 152 in 1907 and 127 in 1906.

Business failures in Canada number 28 and compared with 13 last week and 45 in the like week last year.

NEW YORK, Oct. 7.—R. G. Dun and Company's Weekly Review of Trade tomorrow will say:

The industrial and mercantile outlook is better than statistics of actual transactions indicate. The tone of the financial market is stronger. The iron and steel trade seems brighter. There is, however, a large consumption of wire and a better demand for structural products, and this is a good sign. The dry goods trade improves, although curtailment of cotton production is still practical. Woolen and worsted goods are in better demand. The copper trade seems to be in an encouraging position, the demand indicating an immense world consumption.

Orders for footwear increase slightly from week to week, but business is far from normal. Sole leather is in good demand, sales of light weight cow hides, mink and all kinds of upper leather for shoes are neglected. Binding leather continues firm and in good request and there is steady demand at unchanged prices for harness leather. The hide market is weaker with the exception of South American dry hides, common varieties which are very strong.

The agitators decided today to postpone Elly's start until Sunday. Representatives of the Evening Post protested vigorously against only one man starting in the race. Mr. Tuttle said he would try to find parts enough to build another machine, but he saw little chance of success.

STOCKTON, Oct. 7.—Miss Ida M. Beede of this city, niece of former Senator William M. Stewart, died suddenly this afternoon at the St. Joseph's home in this city. Death was due to appendicitis.

COWELL IS TO SPEAK IN COUNTY NEXT WEEK

Schedule of Meetings for
Coming Six Days Is
Announced.

After an absence of a couple of weeks, during which time he has been Democratic candidate for Congress in the northern part of the San Joaquin Valley, A. L. Cowell, the son of the sixth district, arrived in Fresno yesterday and will be in Fresno and Kings counties until next Wednesday night. Cowell will spend today and Monday in Kings county, after which he will make two addresses in Fresno county.

The Democratic county central committee has arranged for meetings all next week is as follows:

Monday—Coalinga. G. W. Cartwright, M. J. Callahan and the county candidates.

Tuesday—Laton. A. L. Cowell.

Wednesday—Fowler. G. W. Cartwright, S. L. Strother and the county candidates. Another meeting will also be held at Kingsburg to be addressed by A. L. Cowell and W. D. Foote.

Thursday—Oleander. County candidates.

Friday—Lone Star. County candidates.

Saturday—Kerman. County candidates.

TRADER BRINGS RICH CARGO FROM ARCTIC

SEATTLE, Wash., Oct. 7.—The famous wooden trading schooner Volante arrived today from Point Barrow, Alaska, in the Arctic Ocean, with a cargo of furs, ivory, walrusbone and eurus valued at \$200,000.

The Volante makes one trip a year to the most northerly land in the United States, carrying mail to Arctic settlements and bartering with the Eskimos for the products of their hunting.

Capt. John Backlund, her master and owner, is counselor and guide to all the Arctic Eskimos of Alaska, who trust him implicitly.

The Volante on her trip north took the auxiliary schooner New Jersey, a gift from the Women's Home Missionary Society to the Eskimos of King Island, 100 miles north of Nome. She also carried lumber to rebuild the Presbyterian church at Point Barrow, which was burned last year, the girls of the Christian Endeavor Society having put too much seal blubber in the stove during a meeting on a cold day.

The burned church, the most northerly in the world, was erected by Mrs. Elliott F. Sheppard of New York. The new church was built from the scanty savings of the Eskimos.

Sell Real Estate

I want young men or women under thirty-five to sell high-class city property on easy payments in cash or on time. No experience necessary. Permanent employment.

Requirements
Biding ability. Experience—preferably real estate. Knowledge of territory. Some acquaintance with English, Spanish, Italian, and French.

Make from \$3,000 to \$10,000 a Year

I have a man who makes that amount annually. Write him for details. I will be glad to help you.

If you can qualify, write, giving particulars, to

CHICAGO TO NEW YORK AIR RACE DWINDLING

But One Real Starter Out
of Big Field Now in
Sight.

CHICAGO, Oct. 7.—There will be but one real starter in the Chicago-New York airplane "race" scheduled to begin here tomorrow. It was announced that Eugene Ely would attempt to go the route, but that WEHARD, Post and McCurdy would make merely technical starts.

The agitators decided today to postpone Ely's start until Sunday. Representatives of the Evening Post protested vigorously against only one man starting in the race. Mr. Tuttle said he would try to find parts enough to build another machine, but he saw little chance of success.

STOCKTON, Oct. 7.—Miss Ida M. Beede of this city, niece of former Senator William M. Stewart, died suddenly this afternoon at the St. Joseph's home in this city. Death was due to appendicitis.

ANNOUNCEMENT

Our Annual Jewelry Sale

WILL BE CONTINUED

We wish to announce that our Annual Sale of Jewelry has been such a decided success that we have decided to continue it TODAY AND ALL NEXT WEEK with a liberal replenishment of bargains in every section. New goods have been brought forth and marked at such astonishing low prices that no one can afford to overlook the opportunity to save on high class Jewelry, Diamonds, Cut Glass, Silverware, etc.

Take the Elevator---Third Floor

**Mrs. G. Zaretske Roasted in
Presence of Husband
and Brother.**

Mrs. Zaretske was removed to the home of a relative, where physicians are trying to save her life. Her condition is critical, they report. Mrs. Zaretske has a little daughter who was a witness to the fire, and who struggled with childish earnestness to aid her mother.

Conrad Fries, aged 21, and Lida Niedenburg, aged 22, natives of Russia and residents of Fresno city.

"This case, from a part of the city, in Russiantown, which is not connected with the sewer system, marked sixteen in the last two months," stated Dr. Aiken. "Of these sixteen cases, all from Russiantown, only one was from a section which has sewer connections. This latter fact is not simply a coincidence. It means something should be done towards providing adequate sanitary arrangements for that section.

**Franklin Tunnel Concrete
Work Completed Now,
Says Office.**

The work of putting in concrete shell inside of the Franklin tunnel near Glen Fraser, has been completed. The tunnel was repaired on account of the peculiar adobe nature of the earth there, the earth swelling when exposed to the air and cracking the timbers. While none of the nearby tunnels show signs of any damage as the concrete gangs are already on hand, the company has decided to finish tunnels Nos. 1 to 5 with concrete, a process which will make them immune to fire.

**Reception Is Held So That
All May Become
Acquainted.**

this year. The Library directors have introduced the educators to one another, and it is hoped that the general public will give an evening for them soon, that the school patrons may come in kindly social contact with those who have charge of the education of our young people. The rec-

the boundaries will be properly fixed. The salmon question left out of the argument—and an appeal made which shall win the confidence of all property owners. We need incorporation on the right basis.

Pabst Extract
The Best Tonic

Being composed of the nourishing properties of richest barley malt and the tonic qualities of choicest hops, it supplies the very elements needed to make healthy strong tissues. It is a predigested food in liquid form that is easily and quickly assimilated, building the entire system anew.

The United States Government especially classifies Pabst Extract as an article of medicine, not an alcoholic beverage.

Order a dozen bottles from your local druggist.
Insist upon it being Pabst.

**NAT ELLERY PRESS AGENT
NOW DOING SERVICE
FOR BELL**

**Circulates Scurrilous Stuff
Attacking Sincerity of
Hiram Johnson.**

**Hayes Reports Northern
Counties Strong for the
Republican Leader.**

SAN FRANCISCO, Oct. 7.—The desperate struggle to which the Bell supporters have been put in the effort to find campaign material for their candidate is shown by the false character of some of the matter that is being put out by the publicity department connected with the Democratic State Central Committee. A flagrant example is a reprint of an editorial in the Roseville Register sent to the newspapers of the State in which the following paragraph appeared:

"It is only a short while since the populist Hiram, the son of George, stood in the same position as his father does today—a pliant and willing tool of corporate interests. It is not unlikely that the distribution of the mazzini, the State would never have witnessed the spectacle presented by Hiram, the reformed reformer."

Bell, who personally knows this statement to be a lie cannot shirk the responsibility of attempting, through his press bureau, to draw votes from Johnson by such contemptible means. The present press agent of the Democratic State Committee was Bell's personal press agent between the time of the primary election and the State convention, and was Bell's personal appointee to his present position.

Previous to the primary election, this man was press agent for Ellery in his effort to defeat Johnson by dividing the anti-machine vote. No fact could more clearly show where the Democrats stand in this campaign with reference to the special interests. The special interests, working through Ellery's press agent, made every responsible lying charge against Johnson in the effort to defeat this nominee. No more outrageous and no more cowardly press matter ever disgraced a political campaign. In their efforts to get material to put before the voters for the purpose of accomplishing the defeat of Hiram W. Johnson, the Democratic State Central Committee has picked up placed in charge of its press work the very man who was responsible for sending out these lying and slanderous charges against Johnson in the primary campaign, in behalf of Ellery and the

**BANKERS ENDORSE
FAIR, BUT NO CITY**

**For 1915 Exposition; Choose
F. O. Watts of Nashville
President of Body.**

LOS ANGELES, Oct. 7.—The bankers of Nashville, Tenn., were chosen president and William L. Lachance of Detroit, Mich., vice president of the American Bankers' Association for the coming year at the final session of the convention of the association in this city today.

Invitations for the convention of bankers in 1921 were presented from New Orleans, Atlanta City, San Antonio, Richmond, Va., Niagara Falls, and St. Louis, but the matter of making a selection was left to the executive council and it was stated that a decision will not be reached until the council meets in New York next May.

The convention of bankers went on record as endorsing a plan to hold an exposition in 1915, in commemoration of the opening of the Panama Canal, but no endorsement of a site was made. New Orleans and San Francisco men had been lobbying with delegates for several days in order to get the endorsement of the convention for their cities, but it was stated in advance that the convention would not favor either of the rival cities nor any other city at the holding.

The address of Senator Theodore A. Burton of Ohio, on the work of the United States Monetary Commission, was one of the features of the closing day of the convention. The speaker referred to the work of the commission and asked the hearty cooperation of the American Bankers' Association.

Arthur Reynolds of Des Moines spoke on the money question, saying that the apathy of the bankers was responsible for the purpose of the postal savings bank act.

URGENT REFORM.

Frank B. Anderson of San Francisco spoke on the Pacific Coast's need for banking and currency reform, urging the bankers to take up seriously the question of having the national bank law amended so as to allow the banks to accept time drafts in order to build up a discount market.

Reports of committees were submitted and the amendments to the constitution as reported out from the executive council were adopted by the convention.

Harold Remington of New York, former referee in bankruptcy in Cleveland, Ohio, and referee in the famous Cassie Chadwick case, read an exhaustive paper on "Bankers and Bankruptcy Law."

A communication from the Academy of Political Science of New York inviting representatives of the American Bankers' Association to a conference on the work of the Monetary Commission to be held in New York in October was presented to the convention.

James K. Lynch, president of the San Francisco Clearing House Association, extended an invitation to the bankers to meet in San Francisco in 1915 during the Panama-Pacific Exposition in honor of the opening of the Panama Canal, which exposition, the speaker declared, would be held in San Francisco.

A resolution asking Congress at its next session to appropriate sufficient funds to defray the cost of transporting silver free of charge in the United States was adopted.

GETS LOVING CUP.

Just before adjournment, President Pierson gave to the new president, F. O. Watts, and the new chief executive of the association was warmly received by the delegates. President Watts was presented with a handsome loving cup from forty of his friends in Nashville who sent a congratulatory message.

Presented with numerous handsome floral designs. The retiring president was presented with a handsome pin and a beautiful solid silver service by members of the association in addition to the many floral offerings.

Resolutions thanking the people of Los Angeles and the bankers of this city for the entertainment of the delegates were adopted.

Visiting bankers and their wives attended a magnificent garden party in their honor this afternoon at the residence of Edward L. Deberry. Tomorrow many of the visitors will pass the day at Long Beach while others will leave for their homes.

At the meeting of the executive council, Charles L. Huttig, of St. Louis, was chosen chairman for the ensuing year and Fred L. Farnsworth of New York was re-elected general secretary of the American Bankers' Association.

**Children
In School**

Cannot progress in their studies as they should if eye-strain is sapping vitality from other parts of the body. Constant aches and pains, dull feeling and headaches distract the mind from studies and are often responsible for supposed lack of effort. Bring the children here for expert examination. It may save untold trouble.

We have fitted hundreds of children and relieved them of eye-strain. We will not advise glasses in any case unless they will be a positive benefit.

J. M. Crawford & Co.
Optometrists and Opticians,
1123 J STREET.

**It Will Prove
Profitable**

A little time and money spent in fixing up your house this season will prove a profitable investment in the long run. —What about painting? Thought of it? Come and talk with us—we'll make you see the wisdom of using good paints. —Wall papers here, too, in plenty. You'll do well to see us and see us first.

**BALL
Wall Paper Co.**
914-16 J STREET

**Some Truths, Some Sarcasms
Rocker \$1.50, Worth \$2.50**

This is a good hardwood rocker with arms and if there were only one on earth, would be worth \$10—but we have many of them.

Rocker \$2.50 to \$75

What these are worth, you better come and see, we are too modest to blow about them.

Iron Bed \$3.00

Complete in every detail, guaranteed against breaking and warping and a good rest if you are tired enough. This bed could not be made by a Fresno jeweler for less than \$30.

Iron Beds, 150 Styles, From \$3 to \$30

These beds are made from iron, which is found in the United States of America, they are subjected to a perfume bath, so as to make them sanitary (this is the usual expression when advertising iron beds and means nothing). They will hold up anybody from a midget to a barrel-shaped individual.

9x12 Axminster Rugs \$17.50

This is a good one and worth more, we hate to say how much.

9x12 Tapestry Rug \$12.50

Worth the money alright, although we have some better ones. We cannot describe it as a real Oriental, it is just good value.

WE ARE NOT SELLING

Any article worth \$25 for \$3.97. We do not mark our profits that way, so maybe we are backnumbers in advertising, but we do not believe with Barnum that the American people want to be fooled; we are part of them and object to such large discounts on the ground that the goods were marked too high originally.

WE MAKE GOOD IN PRACTICE.

Today in the Kutner Clothing Store Many Fine Specials are Featured

All Roads Lead to Kutner's Money Saving Clothing and Furnishing Department—For the man who wants to save this store offers the very best opportunity.

Still Selling Those French Crushers for \$1.95

No doubt a great many men have bought them at \$2.50, because they weren't aware that Kutner sold them at \$1.95. Those of you who know how the Kutner store underbids, can readily see how we can and do save you money.

Hartz Mountain Canary Birds \$1.79

Country sell \$2.00, now offered by us, cage and bird, for \$1.79.

Automobile Gloves \$2.50

"Isn't he the same as I paid \$4.00 for," said a customer yesterday, and our buyer smiled to think that this man could be so easily satisfied that \$4.00 was the right price to pay—all depends on your store—\$2.50 here often means \$4.00 elsewhere.

Chambray Work Shirts 50c

"Price doesn't seem any lower," but compare the shirt. Nothing like it ever seen in this house before; plenty of room; good buttons sewed on; stay; not tucked on as is usually the case in a 50c shirt; everything about them first-class.

Winstead Underwear \$1

Ever since the Big Store opened for business, and that over 25 years ago, we have always sold Winstead Underwear for less than the usual price. Winsteads are wool shirts and drawers and are very high grade.
